## COVID-19 Impact and Recovery Report: Travel-Related Measures

**Updated: July 27, 2021**

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

1. **Travel-Related Measures**: A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada's website: https://caen-keepexploring.canada.travel/covid-19-traveller-guidance

2. **Methodological Notes**: An explanation of the methodologies in the different sections and relevant sources.

### 1. TRAVEL-RELATED MEASURES

In addition to federal government testing procedures and potential isolation requirements for those who are eligible to enter Canada, individual provinces and territories have implemented measures on travel between provinces and territories. Please consult the Government of Canada website for the latest federal travel requirements: https://travel.gc.ca/travel-covid.

The below table outlines self-isolation requirements for domestic travellers entering each province or territory, as well as restrictions on travel across provincial and territorial borders. Tracking these measures is challenging given the fluid nature of COVID-19. This information was collected by provincial and territorial tourism marketing authorities and relevant tourism departments and current as of July 27, 2021.

### Travel Measures

<table>
<thead>
<tr>
<th>Province</th>
<th>Travel self-isolation required?</th>
<th>Travel restrictions?</th>
</tr>
</thead>
<tbody>
<tr>
<td>British Columbia</td>
<td>No self-isolation for domestic travellers entering British Columbia.</td>
<td>No travel restrictions for domestic travellers entering British Columbia.</td>
</tr>
<tr>
<td>Alberta</td>
<td>As of August 9, no self-isolation upon entering Alberta for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14 day self-isolation, but must follow strict public health measures which include avoiding group settings, such as camps and daycares.</td>
<td>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to British Columbia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td>Saskatchewan</td>
<td>As of August 9, no self-isolation upon entering Saskatchewan for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14 day self-isolation, but must follow strict public health measures which include avoiding group settings, such as camps and daycares.</td>
<td>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Saskatchewan. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td>Manitoba 3</td>
<td>No self-isolation required for all domestic travellers entering Manitoba, except for people who are fully vaccinated, essential workers and specific exceptions. This exemption includes children who are not eligible for the vaccine based on age. If all individuals they travelled with are fully vaccinated.</td>
<td>No travel restrictions for domestic travellers entering Manitoba. Travel to and from northern Manitoba is restricted and non-essential travel is discouraged, unless travellers are fully vaccinated.</td>
</tr>
<tr>
<td>Ontario 4</td>
<td>As of August 9, no self-isolation upon entering Ontario for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14 day self-isolation, but must follow strict public health measures which include avoiding group settings, such as camps and daycares.</td>
<td>As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Ontario. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td>Quebec</td>
<td>No self-isolation required for domestic travellers entering Quebec.</td>
<td>No travel restrictions for domestic travellers entering Quebec.</td>
</tr>
</tbody>
</table>

**Methodological Notes**: Please consult the Government of Canada website for the latest federal travel requirements: https://travel.gc.ca/travel-covid.
Residents of Atlantic Canada (Nova Scotia, New Brunswick, Prince Edward Island and Newfoundland and Labrador) plus Avignon and Témiscouata counties in Quebec are not required to self-isolate upon entering New Brunswick; cross-border commuters and truck drivers are no longer required to self-isolate.

Canadian travellers with at least 1 dose of vaccine are not required to self-isolate. Canadian travellers without a vaccine must self-isolate upon entering New Brunswick, with testing on day 5-7 and release with a negative test.

As of July 30, no self-isolation required for domestic travellers entering New Brunswick.

As of August 9, no self-isolation upon entering New Brunswick for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14 day self-isolation, but must follow strict public health measures which include avoiding group settings, such as camps and daycares.

There are no self-isolation requirements for travellers from Prince Edward Island, Newfoundland and Labrador and New Brunswick.

Travellers from other Canadian provinces and territories follow self-isolation protocol dependent on vaccine status: 2 doses at least 14 days before arrival = no self-isolation; 1 dose at least 14 days before arrival = 7 day self-isolation and 2 negative tests; no vaccine = 14-day self-isolation.

As of August 9, no self-isolation upon entering Nova Scotia for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14 day self-isolation, but must follow strict public health measures which include avoiding group settings, such as camps and daycares.

Partially or fully vaccinated people travelling to Prince Edward Island from within Atlantic Canada or the Magdalen Islands and who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry.

As of July 18, fully vaccinated people travelling to Prince Edward Island from within Atlantic Canada, but outside of Atlantic Canada, and who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry. Unvaccinated or partially vaccinated PEI residents and Canadian visitors travelling from within Atlantic Canada, but outside of Atlantic Canada, are required to complete a declaration form and self-isolate for 8 days, with testing at point of entry and on day 8.

As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry. Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14 day self-isolation, but must follow strict public health measures which include avoiding group settings, such as camps and daycares.

As of July 18, all Canadian residents can travel to Prince Edward Island with restrictions for those who do not have a PEI Pass.

As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have submitted the Safe Check-in Form can travel to Nova Scotia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

Travellers who are fully vaccinated with a Health Canada-approved vaccine may enter Yukon without self-isolating, providing their vaccination status can be confirmed. Children under 12 will not have to self-isolate if travelling with a fully vaccinated parent or caregiver.

Mandatory 14-day self-isolation for all travellers who are not fully vaccinated entering Yukon with few exceptions; self-isolation must occur in Whitehorse unless visiting a family member (in which case self-isolation may occur at that residence).

As of August 4, no self-isolation required for all travellers entering Yukon.

As of August 9, no self-isolation upon entering Yukon for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14 day self-isolation, but must follow strict public health measures which include avoiding group settings, such as camps and daycares.

As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Yukon. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

Yukon has no travel restrictions, but people not fully vaccinated will need to self-isolate upon entering the territory. There is enforcement at land borders and airport, as well as mandatory travel routes for transiting through Yukon. Several First Nation governments and communities currently have travel advisories in place. Travellers are asked to travel responsibly and follow the Safe 6 plus.
Traveler self-isolation required?

Northwest Territories 15, 16
No self-isolation required for fully vaccinated admitted travellers into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and day 14. Mandatory 8-day self-isolation for partially vaccinated admitted travellers with a COVID-19 test on day 8. Mandatory 10-day self-isolation for unvaccinated admitted travellers, including children under 12 and household members who did not travel, with a COVID-19 test on day 10.

Nunavut 17, 18
Mandatory 14-day self-isolation for all travellers returning to their home communities from Iqaluit, except for fully vaccinated travellers. No self-isolation is required for travellers admitted to enter Nunavut who are fully vaccinated, and who have received an exemption after completing the Traveller’s Declaration Form. Mandatory 14-day self-isolation for all other admitted travellers prior to boarding a plane to Nunavut, except for those travelling directly from Churchill, Manitoba and Northwest Territories; mandatory isolation must occur in government designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife. Unvaccinated children will not be able to forgo the mandatory 14-day isolation requirement. As of August 9, no self-isolation is required for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day isolation requirement.

Travel restrictions?

Leisure travel into the Northwest Territories by non-residents is not permitted. Exemptions are considered for compassionate reasons, family reunification, exceptional circumstances, travel from Nunavut or Yukon, and remote tourism with tourism operators with plans approved by ProtectNWT.

Entry into Nunavut requires authorization from the territory’s Chief Public Health Officer. Authorization may be granted for: residents, critical workers, those travelling within the common travel areas of Churchill, Manitoba and Northwest Territories, and non-residents entering for family reunification, exercising Aboriginal or treaty rights, or engaging in wilderness tourism with an operator that has an approved Wilderness Tourism Operator COVID-19 Operations Plan.

As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) may be authorized to travel to Nunavut. Entry will continue to be prohibited for American travellers who are not fully vaccinated.
Most Parks Canada places will be open and welcoming visitors with adjustments to access and services. Access to visitor facilities and services may be limited. Please consult the Parks Canada website for an updated list of specific Parks Canada locations with special instructions: https://www.pc.gc.ca/en/voyage-travel/secuRite/safety/covid-19-inf0locations

Most provinces and territories have implemented a framework to guide re-opening strategies catered to their individual circumstances. Since each province and territory is starting from a different baseline to implement the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of July 27, 2021. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

### Tourism Related Measures

<tr>
<td></td>
<td></td>
<td>All establishments are required to capture the contact information of patrons.</td>
<td></td>
<td>Private indoor gatherings can have up to 10 people from different households or all occupants of 3 households. Private outdoor gatherings can have up to 20 people from different households or all occupants of 3 households. People who have received two doses of vaccine can gather in private homes without distancing measures or masks. Organized activities in indoor public settings can have up to 25 people with physical distancing in place. Organized activities in outdoor public settings can have up to 50 people.</td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td>As of July 12, capacity restrictions are lifted for retail stores. Most other businesses can operate with distancing measures in place. Cinemas can open up to maximum 250 people per room.</td>
<td>Indoor auditoriums and stadiums with assigned seats can have a maximum audience of 3,500 people. Indoor auditoriums and stadiums with assigned seats can have a maximum audience of 5,000 people. Festivals and major outdoor events without assigned seats but where the audience has reservations can be held with distancing measures in place. Meetings, conventions, shows and exhibitions can have a maximum of 250 seated participants.</td>
</tr>
</tbody>
</table>
New Brunswick

As of July 30, New Brunswick will enter Phase 3. At this time, all public health orders will be lifted, including the removal of the requirement to wear face masks in public.

Accommodations can resume regular operations.

Restaurants, brewpubs and taprooms can operate at full capacity with sufficient distancing measures; venues are required to capture the contact info of patrons and masks must be worn when not eating/drinking.

As of July 30, all restaurants and licenced establishments can resume regular operations.

Yukon

Yukon is in the “Phase 2” area of Path Forward: Next Steps, the territory’s reopening plan.

As of August 4, masks will no longer be mandatory in indoor spaces.

Accommodations are open with control/safety measures in place.

Restaurants and bars can operate at full capacity for dine-in with up to 6 people seated per table and an approved operational plan.

As of August 4, all restaurants and licenced establishments can resume regular operations.

Activities & Attractions

All businesses and enterprises are permitted to operate with adherence to WorkSafeNB guidelines and health measures related to their area of activity; all businesses must have a COVID-19 operational plan in place.

The territory is also moving to Phase 3, pathology services are now available, and the territory is working on expanding its COVID-19 testing capacity.

Informal indoor gatherings can have up to 20 people indoors. Formal outdoor gatherings (no maximum capacity) are permitted with social distancing in place.

Informal gatherings can have maximum 50% capacity with an operation plan in place. Formal outdoor gatherings are permitted to maximum capacity with social distancing and an operational plan in place.

As of July 30, all public health measures are lifted for indoor and outdoor gatherings.

Newfoundland & Labrador

As of July 14, Nova Scotia is in Phase 4 of its reopening plan.

Accommodations are open with control/safety measures in place.

As of July 14, Nova Scotia is in Phase 4 of its reopening plan.

Both provincial and private campgrounds may open.

As of July 14, restaurants and licenced establishments can open for indoor and outdoor seated service to a maximum of 35 people per table.

As of July 14, retail businesses, museums, and recreation and leisure facilities can operate at full capacity.

Parks, beaches and outdoor spaces are open.

Large Gatherings/Conferences

As of July 14, informal social gatherings can have up to 25 people indoors and 50 people outdoors.

As of July 14, informal large gatherings can have maximum 50% capacity to 150 people indoors and up to 250 people outdoors with physical distancing in place.

As of July 30, all public health measures are lifted for indoor and outdoor gatherings.

As of July 14, all public health measures are lifted for indoor and outdoor gatherings.

Atlantic provinces

As of August 4, New Brunswick is in Phase 3 of its 3-phase provincial reopening plan, Path to Green.

As of July 30, New Brunswick will enter Phase 3. At this time, all public health orders will be lifted, including the removal of the requirement to wear face masks in public.

Accommodations can resume regular operations.

Restaurants, brewpubs and taprooms can operate at full capacity with sufficient distancing measures; venues are required to capture the contact info of patrons and masks must be worn when not eating/drinking.

As of July 30, all restaurants and licenced establishments can resume regular operations.

2. METHODOLOGICAL NOTES

I. Travel-Related Measures: In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where relevant or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
