COVID-19 Impact and Recovery Report: Travel-Related Measures

Updated: July 28, 2021

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

1. **Travel-Related Measures**: A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada's website: [https://ca/en-keepexploring.canada.travel/covid-19-traveller-guidance](https://ca/en-keepexploring.canada.travel/covid-19-traveller-guidance)

2. **Methodological Notes**: An explanation of the methodologies in the different sections and relevant sources.

### 1. TRAVEL-RELATED MEASURES

In addition to federal government testing procedures and potential isolation requirement for those who are eligible to enter Canada, individual provinces and territories have implemented measures on travel between provinces and territories. Please consult the Government of Canada website for the latest federal travel requirements: [https://travel.gc.ca/travel-covid](https://travel.gc.ca/travel-covid)

The below table outlines self-isolation requirements for domestic travellers entering into each province or territory, as well as restrictions on travel across provincial and territorial borders. Tracking these measures is challenging given the fluid nature of COVID-19. This information was collected by provincial and territorial tourism marketing authorities and relevant tourism departments and current as of July 28, 2021.

<tbody>
<tr>
<td><strong>Traveller self-isolation required?</strong></td>
<td><strong>Travel restrictions?</strong></td>
</tr>
<tr>
<td>British Columbia</td>
<td>No self-isolation for domestic travellers entering British Columbia. As of August 9, no self-isolation upon entering British Columbia for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares.</td>
</tr>
<tr>
<td>Alberta</td>
<td>No self-isolation for domestic travellers entering Alberta. As of August 9, no self-isolation upon entering Alberta for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares.</td>
</tr>
<tr>
<td>Saskatchewan</td>
<td>No self-isolation for domestic travellers entering Saskatchewan. As of August 9, no self-isolation upon entering Saskatchewan for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares.</td>
</tr>
<tr>
<td>Manitoba</td>
<td>14-day self-isolation required for all domestic travellers entering Manitoba, except for people who are fully vaccinated, essential workers and specific exceptions. This exemption includes children who are not eligible for the vaccine based on age. If all individuals they travelled with are fully vaccinated. No travel restrictions for domestic travellers entering Manitoba but people not fully vaccinated will need to self-isolate upon entering. Travel to and from northern Manitoba is restricted and non-essential travel is discouraged, unless travellers are fully vaccinated. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Manitoba. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td>Ontario</td>
<td>No self-isolation required for domestic travellers entering Ontario. As of August 9, no self-isolation upon entering Ontario for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. No travel restrictions for domestic travellers entering Ontario. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Ontario. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td>Quebec</td>
<td>No self-isolation required for domestic travellers entering Quebec. As of August 9, no self-isolation upon entering Quebec for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. No travel restrictions for domestic travellers entering Quebec. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Quebec. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td>Province</td>
<td>Implications</td>
</tr>
<tr>
<td>----------------------------------</td>
<td>-----------------------------------------------------------------------------</td>
</tr>
<tr>
<td><strong>New Brunswick</strong></td>
<td>No travel restrictions for domestic travellers entering New Brunswick. <strong>Travel registration</strong> is required for travellers residing outside of Atlantic Canada. As of July 30, no travel registration required for travellers residing outside of Atlantic Canada. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to New Brunswick. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td><strong>Nova Scotia</strong></td>
<td>There are no travel restrictions for travellers from Prince Edward Island, Newfoundland and Labrador and New Brunswick. Travellers from other Canadian provinces and territories follow self-isolation protocol dependent on vaccine status: 2 doses at least 14 days before arrival = no self-isolation; 1 dose at least 14 days before arrival = 7-day self-isolation and 2 negative tests; no vaccine = 14-day self-isolation. As of August 9, no self-isolation upon entering Newfoundland &amp; Labrador. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td><strong>Prince Edward Island</strong></td>
<td>As of July 18, all Canadian residents can travel to Prince Edward Island with restrictions for those who do not have a <strong>PEI Pass</strong>. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have submitted the <strong>Safe Check-in Form</strong> can travel to Nova Scotia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td><strong>Newfoundland and Labrador</strong></td>
<td>As of July 1, all Canadians are permitted to enter Newfoundland and Labrador. All travellers must submit the <strong>Travel Form</strong> within 72 hours of their expected travel date. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have submitted the <strong>Travel Form</strong> within 72 hours of their expected travel date can travel to Newfoundland and Labrador. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td><strong>Yukon</strong></td>
<td>Travellers who are fully vaccinated with a Health Canada-approved vaccine may enter Yukon without self-isolating, providing their vaccination status can be confirmed. Children under 12 will not have to self-isolate if travelling with a fully vaccinated parent or caregiver. Mandatory 14-day self-isolation for all travellers who are not fully vaccinated entering Yukon with few exceptions; self-isolation must occur in Whitehorse unless visiting a family member (in which case self-isolation may occur at that residence). As of August 4, no self-isolation required for all travellers entering Yukon. As of August 9, no self-isolation upon entering Yukon for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have submitted the <strong>Safe Check-in Form</strong> within 72 hours of their expected travel date can travel to Yukon. Entry will continue to be prohibited for American travellers who are not fully vaccinated. Yukon has no travel restrictions, but people not fully vaccinated will need to self-isolate upon entering the territory. There is enforcement at land borders and airport, as well as mandatory travel routes for transiting through Yukon. Several First Nations, governments and communities currently have travel advisories in place. Travellers are asked to travel responsibly and follow the Safe 6, plus guidelines.</td>
</tr>
</tbody>
</table>

**Traveller self-isolation requirements:**

- Fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form and refer to the self-isolation protocol dependent on vaccine status.
- Fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Prince Edward Island. Entry will continue to be prohibited for American travellers who are not fully vaccinated.
- Canadian citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form within 72 hours of their expected travel date can travel to Newfoundland and Labrador. Entry will continue to be prohibited for American travellers who are not fully vaccinated.
- Fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form can travel to Nova Scotia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.
- Fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form can travel to Prince Edward Island. Entry will continue to be prohibited for American travellers who are not fully vaccinated.
- Fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form can travel to Nova Scotia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.
- Fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form can travel to Prince Edward Island. Entry will continue to be prohibited for American travellers who are not fully vaccinated.
- Fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form can travel to Nova Scotia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.
- Fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form can travel to Prince Edward Island. Entry will continue to be prohibited for American travellers who are not fully vaccinated.
- Fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form can travel to Nova Scotia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.
- Fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have completed the Safe Check-in Form can travel to Prince Edward Island. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

<thead>
<tr>
<th>Traveler self-isolation required?</th>
<th>Travel restrictions?</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Northwest Territories</strong>&lt;sup&gt;6, 17&lt;/sup&gt;</td>
<td>Leisure travel into the Northwest Territories by non-residents is not permitted. Exemptions are considered for compassionate reasons, family reunification, exceptional circumstances, travel from Nunavut or Yukon, and remote tourism with tourism operators with plans approved by ProtectNWT.</td>
</tr>
<tr>
<td>No self-isolation required for fully vaccinated admitted travellers into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and day 14. Mandatory 8-day self-isolation for partially vaccinated admitted travellers with a COVID-19 test on day 8. Mandatory 10-day self-isolation for unvaccinated admitted travellers, including children under 12 and household members who did not travel, with a COVID-19 test on day 10.</td>
<td></td>
</tr>
<tr>
<td>Mandatory 14-day self-isolation for all travellers returning to their home communities from Iqaluit except for fully vaccinated travellers.</td>
<td></td>
</tr>
<tr>
<td>No self-isolation required for travellers admitted to enter Nunavut who are fully vaccinated and who have received an exemption after completing the Traveller’s Declaration Form. Mandatory 14-day self-isolation for all other admitted travellers prior to boarding a plane to Nunavut, except for those travelling directly from Churchill, Manitoba and Northwest Territories. Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife. Unvaccinated children will not be able to forgo the mandatory 14-day isolation requirement.</td>
<td></td>
</tr>
<tr>
<td>As of August 9, no self-isolation is required for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day self-isolation requirement.</td>
<td></td>
</tr>
<tr>
<td><strong>Nunavut</strong>&lt;sup&gt;18, 19&lt;/sup&gt;</td>
<td>Entry into Nunavut requires authorization from the territory’s Chief Public Health Officer. Authorization may be granted for: residents, critical workers, those travelling within the common travel areas of Churchill, Manitoba and Northwest Territories, and non-residents entering for family reunification, exercising Aboriginal or treaty rights, or engaging in wilderness tourism with an operator that has an approved Wilderness Tourism Operator COVID-19 Operations Plan.</td>
</tr>
<tr>

Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife. Unvaccinated children will not be able to forgo the mandatory 14-day isolation requirement.</td>
<td></td>
</tr>
<tr>
<td>As of August 9, no self-isolation is required for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) may be authorized to travel to Nunavut. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
<td></td>
</tr>
</tbody>
</table>
Most Parks Canada places will be open and welcoming visitors with adjustments to access and services. Access to visitor facilities and services may be limited. Please consult the Parks Canada website for an updated list of specific Parks Canada locations with special instructions: [https://www.pc.gc.ca/en/voyage-travel/securite-safety/covid-19-infocations](https://www.pc.gc.ca/en/voyage-travel/securite-safety/covid-19-infocations)

Most provinces and territories have implemented a framework to guide re-opening strategies catered to their individual circumstances. Since each province and territory is starting from a different baseline to implement the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of July 28, 2021. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

## Tourism Related Measures

### Ontario

**As of July 16:**
- Accommodations are open with control/safety measures in place. Indoor recreational facilities that are part of the operations can open with restrictions.
- Overnight camping at campgrounds and campsites, including in Ontario Parks, can operate.
- Other restrictions may apply.

**As of July 11:**
- Outdoor seated performing arts venues (including live music) and outdoor cinemas can operate to maximum 75% capacity, or 15,000 people, whichever is less, and other restrictions. Drive-in or drive-through venues can operate with restrictions.
- Indoor seated concert venues, theatres and cinemas can operate to maximum 50% capacity or 1,000 people, whichever is less, and other restrictions.
- Casinos, bingo halls and gaming establishments can operate to maximum 50% capacity, with other restrictions.
- Museums, galleries, aquariums, zoos, science centres, landmarks, historic sites, botanical gardens and similar attractions can operate to maximum 75% capacity outdoors and 50% capacity indoors, with other restrictions.
- Tour and guide services can operate with distancing measures in place. Boat tours can operate up to a maximum 50% capacity, with physical distancing measures in place.
- Other restrictions may apply.

**As of July 12:**
- Restaurant indoor dining can have up to 10 people or 3 private residences per table. Outdoor dining can have up to 20 people per table.
- Bars, breweries, taverns and casinos can open to maximum 50% capacity.
- Alcohol sales must cease at 12am and establishments must close by 2am. Indoor dining can have up to 10 people or 3 private residences per table. Outdoor patios can have up to 20 people per table.
- As of August 1, alcohol sales at licensed establishments are extended until 1am.
- All establishments are required to capture the contact information of patrons.

### Quebec

**Quebec’s reopening plan is in effect. All regions are in Level 1 – Vigilance (green) of Quebec’s Vigilance system.**

Drive-in or drive-through venues can operate with restrictions.</td>
</tr>
</tbody>
</table>

**As of August 1, indoor auditoriums and stadiums with assigned seats can have a maximum audience of 7,500 people. Outdoor auditoriums and stadiums with assigned seats can have a maximum audience of 15,000 people.**

**As of July 16:**
- Indoor social and organized gatherings can have up to 25 people. Outdoor social and organized gatherings can have up to 100 people.
- Indoor meeting and event spaces are allowed to maximum 50% capacity or 1,000 people, whichever is less, with physical distancing and other measures in place.
- Outdoor meeting and unseated events are allowed to maximum 75% capacity or 5,000 people, whichever is less. Outdoor events with fixed seating are allowed to maximum 75% capacity or 15,000 people, whichever is less.
- Other restrictions may apply.
New Brunswick

New Brunswick is in Phase 2 of its 3-phase provincial reopening plan, Path Forward: Next Phase. As of July 30, New Brunswick will enter Phase 3. At this time, all public health orders will be lifted, including the removal of the requirement to wear face masks in public. Some facilities and businesses may choose to maintain their own policies on protective health measures.

As of July 30, accommodations can resume regular operations. Accommodations are open with control/safety measures in place.

Restaurants, brewpubs and taprooms can operate at full capacity with sufficient distancing measures; venues are required to capture the contact info of patrons and masks must be worn when not two meters and when not eating/drinking.

As of July 30, all restaurants and licenced establishments can operate at full capacity.

Informal indoor gatherings can have up to 25 people indoors and 50 people outdoors. Formal gatherings (i.e., festivals, events and meetings) that hosted by a recognized business can have maximum 50% capacity with an operation plan in place. Formal outdoor gatherings are permitted to maximum capacity with social distancing and an operational plan in place.

As of July 30, all public health measures are lifted for indoor and outdoor gatherings.

Nova Scotia

Nova Scotia is in Phase 4 of its 5-phase reopening plan, Moving Forward. As of July 14, Nova Scotia is in Phase 4 of its 5-phase reopening plan. Accommodations are open with control/safety measures in place. Both provincial and private campgrounds may open.

As of July 14, restaurants and licenced establishments can open for indoor and outdoor seated service to a maximum 30 people per table.

As of July 14, retail businesses, museums, and recreation and leisure facilities can operate at full capacity.

Parks, beaches and outdoor spaces are open.

Prince Edward Island

Accommodations are open with control/safety measures in place.

As of July 14, licensed establishments can open in day use and overnight use subject to the Guidelines for Campgrounds General, Restrictions.

As of July 14, restaurants and licenced establishments can operate at full capacity. Dine-in can open at restaurants and bars with sufficient distancing measures.

Retail stores, museums and galleries can operate with sufficient distancing measures; movie theatres are limited to 50 people; 3 additional groups of 50 are permitted with an approved operational plan.

As of July 14, informal social gatherings can have up to 25 people indoors and 50 people outdoors. Formal gatherings (i.e., festivals, events and meetings) that hosted by a recognized business can have maximum 50% capacity with an operation plan in place. Formal outdoor gatherings are permitted to maximum capacity with social distancing and an operational plan in place.

As of July 18, personal gatherings can have up to 50 people indoors or outdoors. Organized gatherings can have up to 100 people indoors and up to 200 people outdoors with physical distancing between groups of close contacts. Multiple gatherings are permitted with a pre-approved operational plan, organized in cohorts of 100 people indoors or 200 people outdoors.

Newfoundland and Labrador

Accommodations are open with control/safety measures in place.

As of July 1, restaurants can open for in-person dining to maximum 75% capacity with physical distancing between patrons seated at adjacent tables. Bars and lounges can open to maximum 75% capacity with physical distancing in place.

Self-serve buffets in all licenced establishments are prohibited.

Retail stores, museums and galleries can operate with sufficient distancing measures; movie theatres are limited to 200 people; maximum 300 people with mask use required to confirm its status.

As of July 14, social gatherings with fully vaccinated individuals can have up to 20 people indoors and 50 people outdoors. Social gatherings with individuals not fully vaccinated should be limited to 5 people, both indoors and outdoors. Organized gatherings can have up to 200 people with mask use and physical distancing.

Yukon

Yukon is in the "Path to Green" of Path Forward: Next Phase, the territory’s reopening plan. As of August 4, masks will no longer be mandatory in indoor spaces.

Accommodations are open with control/safety measures in place.

Restaurants and bars can operate at full capacity for dine-in with up to 6 people seated per table and an approved operational plan.

As of August 6, all restaurants and licenced establishments can resume regular operations. All businesses and enterprises can operate with adherence to WorkSafeNB guidelines and health measures related to their area of activity; all businesses must have a COVID-19 operational plan in place.

As of August 14, all restaurants and licenced establishments can operate at full capacity.

As of July 30, all public health measures are lifted for indoor and outdoor gatherings.

I. Travel-Related Measures: In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where revenue or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
