COVID-19 Impact and Recovery Report:
Travel-Related Measures

Updated: August 2, 2021

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

1. **Travel-Related Measures**: A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada’s website: [https://caen-keepeXploring.canada.travel/covid-19-traveller-guidance](https://caen-keepeXploring.canada.travel/covid-19-traveller-guidance)

2. **Methodological Notes**: An explanation of the methodologies in the different sections and relevant sources.

### 1. TRAVEL-RELATED MEASURES

In addition to federal government testing procedures and potential isolation requirement for those who are eligible to enter Canada, individual provinces and territories have implemented measures on travel between provinces and territories. Please consult the Government of Canada website for the latest federal travel requirements: [https://travel.gc.ca/travel-covid](https://travel.gc.ca/travel-covid)

The below table outlines self-isolation requirements for domestic travellers entering into each province or territory, as well as restrictions on travel across provincial and territorial borders. Tracking these measures is challenging given the fluid nature of COVID-19. This information was collected by provincial and territorial tourism marketing authorities and relevant tourism departments and current as of August 2, 2021.

#### Travel Measures

<table>
<thead>
<tr>
<th>Traveller self-isolation required?</th>
<th>Travel restrictions?</th>
</tr>
</thead>
<tbody>
<tr>
<td>British Columbia 1, 2</td>
<td>No self-isolation for domestic travellers entering British Columbia. As of August 9, no self-isolation upon entering British Columbia for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares.</td>
</tr>
<tr>
<td>Alberta</td>
<td>No self-isolation for domestic travellers entering Alberta. As of August 9, no self-isolation upon entering Alberta for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares.</td>
</tr>
<tr>
<td>Saskatchewan</td>
<td>No self-isolation for domestic travellers entering Saskatchewan. As of August 9, no self-isolation upon entering Saskatchewan for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares.</td>
</tr>
<tr>
<td>Manitoba 3</td>
<td>14-day self-isolation required for all domestic travellers entering Manitoba, except for people who are fully vaccinated, essential workers and specific exceptions. This exemption includes children who are not eligible for the vaccine based on age, if all individuals they travelled with are fully vaccinated. As of August 9, no self-isolation upon entering Manitoba for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares.</td>
</tr>
<tr>
<td>Ontario 4</td>
<td>No self-isolation required for domestic travellers entering Ontario. As of August 9, no self-isolation upon entering Ontario for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares.</td>
</tr>
</tbody>
</table>
| Quebec                            | No self-isolation required for domestic travellers entering Quebec. As of August 9, no self-isolation upon entering Quebec for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. 

- No travel restrictions for domestic travellers entering British Columbia. Some Indigenous communities in BC are not welcoming visitors at this time. Indigenous Tourism BC has a list of Indigenous experiences in the province that are currently open and welcoming visitors.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to British Columbia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- As of July 28, travel to and from the Central Okanagan (Kelowna, West Kelowna, Peachland, Lake Country and Westbank First Nations lands) is strongly discouraged unless individuals are fully vaccinated.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to British Columbia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Manitoba. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- No travel restrictions for domestic travellers entering Alberta.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Alberta. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- No travel restrictions for domestic travellers entering Saskatchewan.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Saskatchewan. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- No travel restrictions for domestic travellers entering Quebec.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Quebec. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- No travel restrictions for domestic travellers entering Ontario.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Ontario. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- No travel restrictions for domestic travellers entering Quebec.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Quebec. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Saskatchewan. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Manitoba. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Ontario. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

- As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Quebec. Entry will continue to be prohibited for American travellers who are not fully vaccinated.

| Nova Scotia | As of August 9, no self-isolation upon entering New Brunswick for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. | There are no travel restrictions for travellers from Prince Edward Island, Newfoundland and Labrador and New Brunswick. |

| Prince Edward Island | As of August 9, no self-isolation upon entering New Brunswick for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. | Partially or fully vaccinated people travelling to Prince Edward Island from within Atlantic Canada or the Magdalen Islands and who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry. As of July 18, fully vaccinated people travelling to Prince Edward Island from within Canada, but outside of Atlantic Canada, and who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry. Unvaccinated or partially vaccinated PEI residents and Canadian visitors travelling from within Canada, but outside of Atlantic Canada, are required to complete a declaration form and self-isolate for 8 days, with testing at point of entry and on day 8. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry. Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. | As of July 18, all Canadian residents can travel to Prince Edward Island with restrictions for those who do not have a PEI Pass. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have a PEI Pass can travel to Prince Edward Island. Entry will continue to be prohibited for American travellers who are not fully vaccinated. |

| Newfoundland and Labrador | As of August 1, fully or partially vaccinated Canadian residents have no testing or self-isolation requirements. Unvaccinated Canadians are tested on day 7, 8 or 9, and must self-isolate unless receipt of a negative test result. Mixed groups of vaccinated and unvaccinated adult travellers must follow the rules for unvaccinated travellers. Unvaccinated children under the age of 12 travelling with vaccinated fully vaccinated adults are not required to self-isolate. As of August 9, no self-isolation upon entering New Brunswick & Labrador for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. | All Canadians are permitted to enter Newfoundland and Labrador. All travellers can complete the Safe Check Travel Form up to 30 days prior to their travel date. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have submitted the Safe Check Travel Form within 72 hours of their expected travel date can travel to Newfoundland and Labrador. Entry will continue to be prohibited for American travellers who are not fully vaccinated. |

| Yukon | Travel Grant ermöglichte-vaccinated with a Health Canada-approved vaccine may enter Yukon without self-isolating, providing their vaccination status can be confirmed. Children under 12 will not have to self-isolate if travelling with a fully vaccinated parent or caregiver. Mandatory 14-day self-isolation for all travellers who are not fully vaccinated entering Yukon with few exceptions; self-isolation must occur in Whitehorse unless visiting a family member (in which case self-isolation may occur at that residence). As of August 9, no self-isolation required for all travellers entering Yukon. As of August 9, no self-isolation upon entering Yukon for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. | Yukon has no travel restrictions, but people not fully vaccinated will need to self-isolate upon entering the territory. There is enforcement at land borders and airport, as well as mandatory travel routes for transiting through Yukon. Several First Nation governments and communities currently have travel advisories in place. Travelers are asked to travel responsibly and follow the Rules of the Land. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Yukon. Entry will continue to be prohibited for American travellers who are not fully vaccinated. | As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Yukon. Entry will continue to be prohibited for American travellers who are not fully vaccinated. |

**Travel restrictions?**

**Northwest Territories**

No self-isolation required for fully vaccinated travellers admitted into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and 14.

Mandatory 8-day self-isolation for partially vaccinated admitted travellers with a COVID-19 test on day 8. Mandatory 10-day self-isolation for unvaccinated admitted travellers, including children under 12 and household members who did not travel, with a COVID-19 test on day 10.

All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories website.

As of August 9, no self-isolation is required for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter the Northwest Territories. Unvaccinated children (and those travelling with them) will not be able to forgo the mandatory 10-day isolation requirement. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories website.

As of August 2, unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 14 days in Nunavut rather than at a government-designated site outside of the territory.

As of August 9, no self-isolation is required for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day self-isolation requirement.

**Nunavut**

No self-isolation required for travellers admitted to enter Nunavut who are fully vaccinated and who have received an exemption after completing the Traveller’s Declaration Form. Mandatory 14-day self-isolation for all other admitted travellers prior to boarding a plane to Nunavut, except for those travelling directly from Churchill, Manitoba, Northwest Territories and Nunavik, Quebec (as of July 29). Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife.

As of August 2, unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 14 days in Nunavut rather than at a government-designated site outside of the territory.

As of August 9, no self-isolation is required for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day self-isolation requirement.

**Traveler self-isolation required?**

**Northwest Territories**

No self-isolation required for fully vaccinated travellers admitted into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and 14.

Mandatory 8-day self-isolation for partially vaccinated admitted travellers with a COVID-19 test on day 8. Mandatory 10-day self-isolation for unvaccinated admitted travellers, including children under 12 and household members who did not travel, with a COVID-19 test on day 10. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories website.

As of August 9, no self-isolation is required for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter the Northwest Territories. Unvaccinated children (and those travelling with them) will not be able to forgo the mandatory 10-day isolation requirement. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories website.

As of August 2, unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 14 days in Nunavut rather than at a government-designated site outside of the territory.

As of August 9, no self-isolation is required for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day self-isolation requirement.
Most Parks Canada places will be open and welcoming visitors with adjustments to access and services. Please consult the Parks Canada website for an updated list of specific Parks Canada locations with special instructions: https://www.pc.gc.ca/en/voyage-travel/securely-safety/covid-19-info#locations

Most provinces and territories have implemented a framework to guide re-opening strategies catered to their individual circumstances. Since each province and territory is starting from a different base, this represents the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of August 2, 2021. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

<td>As of July 30, gatherings in homes are limited to a household plus 15 people. There are no restrictions on outdoor gatherings. Indoor gatherings outside of homes can have maximum 50% capacity or 50 people, whichever is less. Indoor gatherings in community halls, conference spaces, and within government and Inuit organization facilities can have maximum 75% capacity or 100 people.</td>
</tr>
</tbody>
</table>

Every two weeks the Chief Public Health Officer will decide which measures can be eased, maintained or if additional restrictions are needed.

Northwest Territories is in the Indoor Gatherings phase of its reopening plan, Emerging Wisely 2021: Step by Step Together.
2. METHODOLOGICAL NOTES

I. Travel-Related Measures: In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where relevant or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
