COVID-19 Impact and Recovery Report: Travel-Related Measures
Updated: August 3, 2021

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

1. Travel-Related Measures: A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada’s website: https://caen-keepeexploring.canada.travel/covid-19-traveller-guidance

2. Methodological Notes: An explanation of the methodologies in the different sections and relevant sources.

1. TRAVEL-RELATED MEASURES

In addition to federal government testing procedures and potential isolation requirements for those who are eligible to enter Canada, individual provinces and territories have implemented measures on travel between provinces and territories. Please consult the Government of Canada website for the latest federal travel requirements: https://travel.gc.ca/travel-covid.

The below table outlines self-isolation requirements for domestic travellers entering into each province or territory, as well as restrictions on travel across provincial and territorial borders. Tracking these measures is challenging given the fluid nature of COVID-19. This information was collected by provincial and territorial tourism marketing authorities and relevant tourism departments and current as of August 3, 2021.

### Travel Measures

<table>
<thead>
<tr>
<th>Traveller self-isolation required?</th>
<th>Travel restrictions?</th>
</tr>
</thead>
<tbody>
<tr>
<td>No self-isolation for domestic travellers entering British Columbia. As of August 9, no self-isolation upon entering British Columbia for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to British Columbia. Entry will continue to be prohibited for American travellers who are not fully vaccinated. No travel restrictions for domestic travellers entering British Columbia. Some Indigenous communities in BC are not welcoming visitors at this time. Indigenous Tourism BC has a list of Indigenous experiences in the province that are currently open and welcoming visitors. As of July 28, travel to and from the Central Okanagan (Kelowna, West Kelowna, Peachland, Lake Country and Westbank First Nations lands) is strongly discouraged unless individuals are fully vaccinated. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to British Columbia. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>

### Travel self-isolation required?

<table>
<thead>
<tr>
<th>Province</th>
<th>Requirements</th>
</tr>
</thead>
<tbody>
<tr>
<td>New Brunswick</td>
<td>As of July 31, no self-isolation required for domestic travellers entering New Brunswick. As of August 9, no self-isolation upon entering New Brunswick for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares.</td>
</tr>
<tr>
<td>Nova Scotia</td>
<td>No self-isolation requirements for travellers from Prince Edward Island, Newfoundland and Labrador and New Brunswick. Travellers from other Canadian provinces and territories follow self-isolation protocol dependent on vaccine status: 2 doses at least 14 days before arrival = no self-isolation; 1 dose at least 14 days before arrival = 7-day self-isolation and 2 negative tests; no vaccine = 14-day self-isolation. As of August 9, no self-isolation upon entering Nova Scotia for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares.</td>
</tr>
<tr>
<td>Prince Edward Island</td>
<td>Partially or fully vaccinated people travelling to Prince Edward Island from within Atlantic Canada or the Magdalen Islands and who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry. As of July 18, fully vaccinated people travelling to Prince Edward Island from within Canada, but outside of Atlantic Canada, and who have a PEI Pass do not have to self-isolate, subject to rapid testing at point of entry. Unvaccinated or partially vaccinated PEI residents and Canadian visitors travelling from within Canada, but outside of Atlantic Canada, are required to complete a declaration form and self-isolate for 8 days, with testing at point of entry and on day 8. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have submitted the PEI Pass can travel to Prince Edward Island. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td>Newfoundland and Labrador</td>
<td>All travellers who have not travelled beyond Atlantic Canada in the last 14 days are not required to self-isolate upon entering Newfoundland and Labrador, regardless of vaccination status. As of August 1, fully or partially vaccinated Canadian residents have no testing or self-isolation requirements. Unvaccinated Canadians are tested on day 7, 8 or 9, and must self-isolate until receipt of a negative test result. Mixed groups of vaccinated and unvaccinated adult travellers must follow the rules for unvaccinated travellers. Unvaccinated children under the age of 12 travelling with vaccinated or partially vaccinated adults are not required to self-isolate. As of August 9, no self-isolation upon entering Newfoundland &amp; Labrador for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. All Canadians are permitted to enter Newfoundland and Labrador. All travellers can complete the Travel Form up to 30 days prior to their travel date. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) who have submitted the Travel Form up to 30 days prior to their travel date can travel to Newfoundland and Labrador. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td>Yukon</td>
<td>As of August 4, no self-isolation required for domestic travellers entering Yukon. As of August 9, no self-isolation upon entering Yukon for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US). Unvaccinated children under 12 years of age of fully vaccinated travellers will no longer have to complete a 14-day self-isolation, but must follow strict public health measures that include avoiding group settings, such as camps and daycares. As of August 4, no travel restrictions for domestic travellers entering Yukon. Several First Nations governments and communities currently have travel advisories in place. Travellers are asked to travel cautiously and follow the Safe 6, plus 1. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) can travel to Yukon. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>

</tr>
<tr>
<td>Northwest Territories</td>
<td>Nunavut</td>
</tr>
<tr>
<td>----------------------</td>
<td>---------</td>
</tr>
<tr>
<td><strong>Travel self-isolation required?</strong></td>
<td><strong>Travel restrictions?</strong></td>
</tr>
<tr>
<td>No self-isolation required for fully vaccinated travellers admitted into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and 14. Mandatory 8-day self-isolation for partially vaccinated admitted travellers with a COVID-19 test on day 8. Mandatory 10-day self-isolation for unvaccinated admitted travellers, including children under 12 and household members who did not travel, with a COVID-19 test on day 10. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories website. As of August 9, no self-isolation is required for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter the Northwest Territories. Unvaccinated children (and those travelling with them) will not be able to forgo the mandatory 10-day isolation requirement. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories website.</td>
<td>Leisure travel into the Northwest Territories by non-residents is currently not permitted. Exemptions are considered for compassionate reasons, family reunification, exceptional circumstances, travel from Nunavut, and remote tourism with tourism operators with plans approved by the Chief Public Health Officer. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) may be authorized to travel to the Northwest Territories only to participate in remote tourism with an approved remote tourism operator. Fully vaccinated American travellers must have an exemption from the Northwest Territories Chief Public Health Officer; exemption requests will be assessed on a case-by-case basis. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
<tr>
<td>No self-isolation required for travellers admitted to enter Nunavut who are fully vaccinated and who have received an exemption after completing the Traveller’s Declaration Form. Mandatory 14-day self-isolation for all other admitted travellers prior to boarding a plane to Nunavut, except for those travelling directly from Churchill, Manitoba, Northwest Territories and Nunavik, Quebec (as of July 29). Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife. As of August 2, unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 14 days in Nunavut rather than at a government-designated site outside of the territory. As of August 9, no self-isolation is required for fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US), who are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day self-isolation requirement.</td>
<td>Entry into Nunavut requires authorization from the territory’s Chief Public Health Officer. Authorization may be granted for: residents, critical workers, those travelling within the common travel areas of Churchill, Manitoba, Northwest Territories, Nunavik, Quebec (as of July 29), and non-residents entering for family reunification, exercising Aboriginal or treaty rights, or engaging in wilderness tourism with an operator that has an approved Wilderness Tourism Operator COVID-19 Operations Plan. As of August 9, fully vaccinated American citizens and permanent residents of the United States (who currently reside in the US) may be authorized to travel to Nunavut. Entry will continue to be prohibited for American travellers who are not fully vaccinated.</td>
</tr>
</tbody>
</table>
Most Parks Canada places will be open and welcoming visitors with adjustments to access and services. Access to visitor facilities and services may be limited. Please consult the Parks Canada website for an updated list of specific Parks Canada locations with special instructions: https://www.pc.gc.ca/en/voyage-travel/securite-safety/covid-19-info#locations

Most provinces and territories have implemented a framework to guide re-opening strategies catered to their individual circumstances. Since each province and territory is starting from a different base, the implementation of the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of August 3, 2021. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

<tr>
<td><strong>British Columbia</strong> 17, 18, 19</td>
<td>BC is in Step 3 of its 4-stop Restart Plan. As of July 29, masks are mandatory in the Central Okanagan in indoor public spaces for anyone over the age of 12, and are encouraged outdoors when people cannot physically distance. Accommodations are open with control/safety measures in place. All restaurants, cafes, pubs, breweries and nightclubs can resume regular operations with the exceptions of no socializing between tables and no dancing.</td>
<td>Businesses are beginning their transition from a COVID-19 Safety Plan to a communicable disease plan. Some safety measures will remain, like physical barriers. Casinos are open at reduced capacity. It is recommended to check with the facility or tourism operator directly to confirm its status.</td>
<td>All public health measures have been lifted for indoor and outdoor personal gatherings. Indoor organized gatherings can have 50 people or 50% capacity, whichever is greater. Outdoor organized gatherings can have 5,000 people or 50% capacity, whichever is greater. Fairs, festivals and trade shows return to regular operations with a communicable disease plan in place.</td>
<td></td>
</tr>
<tr>
<td><strong>Alberta</strong> 20</td>
<td>Alberta is in Stage 3 of Alberta’s Open for Summer Plan roadmap. All public health restrictions have been lifted, with masking still required in healthcare settings and on public transit. Hotels, motels, hunting and fishing lodges can resume regular operations. All restaurants and other licenced establishments can resume regular operations.</td>
<td></td>
<td>All public health measures have been lifted for private and public gatherings.</td>
<td></td>
</tr>
<tr>
<td><strong>Saskatchewan</strong> 21</td>
<td>As of July 11, Saskatchewan is in Step 3 of the Re-Opening Roadmap. All public health orders are lifted, including the removal of the province-wide mandatory masking order. As of July 11, accommodations can resume regular operations. As of July 11, all restaurants and licenced establishments, including nightclubs, can resume regular operations.</td>
<td>As of July 11, all businesses and enterprises, arenas, movie theatres, performing arts venues, art galleries and casinos can resume regular operations.</td>
<td>As of July 11, all public health measures are lifted for indoor and outdoor gatherings.</td>
<td></td>
</tr>
<tr>
<td><strong>Manitoba</strong> 22, 23</td>
<td>All regions in Manitoba are in the orange restricted response level. As of July 17, Manitoba is in Phase 3 of the 3-2-1 Great Summer Reopening Path. On August 7, Manitoba enters Milestone 3 of the 3-2-1 Great Summer Reopening Path. Accommodations are open with control/safety measures in place. As of July 17, restaurants and bars can open for indoor and outdoor dining at maximum 50% capacity. For indoor dining, patrons seated together must be from the same household unless everyone aged 12+ at the table is fully immunized, in which case people from different households may dine together. For outdoor dining, a maximum of 8 people from different households can be seated at one table regardless of immunization status. As of August 7: All restaurants and licenced establishments can resume regular operations with the exceptions of no socializing between tables and no dancing. All restaurants, cafes, pubs, breweries and nightclubs can resume regular operations with the exceptions of no socializing between tables and no dancing.</td>
<td>As of July 17, retail operations can open to maximum 50% capacity or 500 people, whichever is less. All museums, galleries, casinos, movie theatres and concert halls can open to maximum 50% capacity for fully immunized people only. Indoor recreation activities can reopened in maximum 50% capacity. Outdoor recreation activities can open to groups up to 50 people.</td>
<td>As of August 7: No limits on indoor and outdoor gatherings at private residences. Public indoor gatherings can have up to 50 people or 50% capacity, whichever is greater. Public outdoor gatherings can have up to 1,500 people or 50% capacity, whichever is less. Large-scale outdoor events with more than 1,500 fully vaccinated people may be permitted with a plan approved by public health. Professional sports or outdoor performing arts events can operate at full capacity for fully vaccinated people only.</td>
<td></td>
</tr>
</tbody>
</table>

As of July 16:
Accommodations are open with control/safety measures in place. Indoor recreational facilities that are part of the operations can open with restrictions.

Travel Related Measures
- As of August 1, indoor auditoriums and stadiums with assigned seats can have a maximum capacity of 25 people.
- Other restrictions may apply.

Ontario’s reopening plan is in effect. All regions are in Level 1 – Vigilance (green). Quebec’s reopening plan, as of July 16, is in Step 3 of the Roadmap to Reopen.

Quebec’s reopening plan as of July 16:
- Accommodations are open with control/safety measures in place.
- Outdoor patios can have up to 20 people per table.
- All establishments are required to capture the contact information of patrons.

Northwest Territories is in the Indoor Gatherings phase of its reopening plan, Emerging Wisely 2021: Step by Step Together.

On August 3, Nunavut released Nunavut’s Path: Living with COVID-19, an approach which will support the territory in its long term response to COVID-19.
2. METHODOLOGICAL NOTES

I. Travel-Related Measures: In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where relevant or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
