This document provides a summary of the situation across all provinces and territories. For further details, please refer to the latest deep dive report for the domestic market updated on August 31, 2021.

Please note: An increase in search and bookings does not imply that residents are non-compliant with any current health restrictions in place, rather that there is an increased interest in travel. Actual travel could take place in the near future or at a later date.

1 For additional information on methodology and a description of the recovery signals, please see Methodological Notes.

2 Government of Canada Health Infobase, week ending September 12, 2021.
