COVID-19 Impact and Recovery Report: Travel-Related Measures
Updated: October 27, 2021

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

1. **Travel-Related Measures**: A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada’s website: [https://caen-keepexploring.canada.travel/covid-19-traveller-guidance](https://caen-keepexploring.canada.travel/covid-19-traveller-guidance)

2. **Methodological Notes**: An explanation of the methodologies in the different sections and relevant sources.

### 1. TRAVEL-RELATED MEASURES

As of October 30, travellers aged 12 years and older will be required to show their **Canadian COVID-19 proof of vaccination** to depart from Canadian airports, on VIA Rail and Rocky Mountaineer trains, and on non-essential passenger vessels (e.g. cruise ships) on voyages of 24 hours or more departing from ports in Canada. To qualify as fully vaccinated, travellers must have received the full series of an accepted COVID-19 vaccine (or a full series of a combination of accepted vaccines), with the last dose at least 14 full days prior to the date of travel. For those in the process of being vaccinated, there will be a short transition period where they will be able to travel if they can show a valid COVID-19 molecular test within 72 hours of travel. As of November 30, all travellers aged 12 years and older must be fully vaccinated, with very limited exceptions. Please consult the Government of Canada website for the latest federal travel requirements: [https://travel.gc.ca/travel](https://travel.gc.ca/travel).

In addition to federal government travel requirements, individual provinces and territories have implemented measures on travel between provinces and territories. The table below outlines self-isolation requirements for domestic travellers entering into each province or territory, as well as restrictions on travel across provincial and territorial borders.

Tracking these measures is challenging given the fluid nature of COVID-19. This information, collected by provincial and territorial tourism marketing authorities and relevant tourism departments, is current as of October 27, 2021.

#### Travel Measures

Traveller self-isolation required?

Quebec

No self-isolation or proof of vaccination required for domestic travellers entering Quebec.

No self-isolation upon entering Quebec for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Quebec, but must follow strict public health measures that include avoiding crowded settings.

New Brunswick

No self-isolation required for fully vaccinated domestic travellers entering New Brunswick. Unvaccinated or partially vaccinated domestic travellers, including New Brunswick residents, are required to self-isolate for 14 days, or until receiving a negative result from testing on day 10.

No self-isolation upon entering New Brunswick for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering New Brunswick, but must follow strict public health measures that include avoiding crowded settings.

Nova Scotia

As of October 4, domestic travellers entering Nova Scotia from all provinces and territories (including Atlantic provinces) must follow self-isolation protocol dependent on vaccination status; 2 doses at least 14 days before arrival = no self-isolation; 1 or 9 doses = 7 day self-isolation and 2 negative tests.

No self-isolation upon entering Nova Scotia for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Nova Scotia, but must follow strict public health measures that include avoiding crowded settings.

Prince Edward Island

No self-isolation upon entering Prince Edward Island for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. All travellers, regardless of vaccination status, are asked to get tested at least once between day 4 and day 8 after arrival. All school-age children under 12 years of age are asked to get tested twice on day 4 and on day 8.

Unvaccinated or partially vaccinated PEI residents and Canadian visitors entering Prince Edward Island from any province or territory are required to complete a declaration form and self-isolate for 8 days, with testing at point of entry and on day 8.

Newfoundland and Labrador

No self-isolation upon entering Newfoundland and Labrador for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Newfoundland and Labrador, but must follow strict public health measures that include avoiding crowded settings.

No self-isolation or proof of vaccination required for domestic travellers entering Newfoundland and Labrador.

No self-isolation upon entering Yukon for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Yukon, but must follow strict public health measures that include avoiding crowded settings.

The Government of Canada has specific guidelines for driving to or from Alaska through Canada. Read the State of Alaska’s health guidance for travellers during the COVID-19 pandemic.

Traveller self-isolation required?

Quebec

No travel restrictions for domestic travellers entering Quebec.

Fully vaccinated foreign nationals can travel to Quebec provided they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

New Brunswick

Travel to and from circuit breaker regions (Zone 1 (Moncton region) as far north as and including Sainte-Anne-de-Kent; Zone 2 (Saint John region) New River Beach and Lepreau, north to the communities of Clarendon and Welsford, east to the community of Head of Mifflintown, and all communities in Saint John and Kings counties; the northern portion of Zone 3 from and including Doerilee and Florenceville-Bristol, but excluding Hayseays and Parker Ridge; all of Zone 4 (Edmundston region); all of Zone 5 (Campbellton region) is restricted to those who must travel for essential reasons or to events where proof of full vaccination is required.

All Canadian residents entering New Brunswick, including New Brunswick residents re-entering the province, must provide restrictions for those who are not fully vaccinated or unvaccinated.

Fully vaccinated foreign nationals can travel to New Brunswick provided that they meet specific entry and testing requirements and have PEI Pass registered. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Nova Scotia

As of October 4, no travel restrictions for domestic travellers entering Nova Scotia from all provinces and territories (including Atlantic provinces), but must complete the Safe Check-in Form and refer to the self-isolation protocol dependent on vaccine status.

Fully vaccinated foreign nationals can travel to Nova Scotia provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Prince Edward Island

Residents of Prince Edward Island are advised to avoid non-essential out-of-province travel.

All Canadian residents can travel to Prince Edward Island with restrictions for those who do not have a PEI Pass, A PEI Pass will only be issued to individuals who have received their second dose of an approved vaccine at least 14 days prior.

Fully vaccinated foreign nationals who have a PEI Pass can travel to Prince Edward Island provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Newfoundland and Labrador

All Canadians are permitted to enter Newfoundland and Labrador. All travellers can complete the Travel Form up to 30 days prior to their travel date.

Fully vaccinated foreign nationals who have submitted the Travel Form up to 30 days prior to their travel date can travel to Newfoundland and Labrador provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Yukon

No travel restrictions for domestic travellers entering Yukon. Several First Nations governments and communities currently have travel advisories in place. Travellers are asked to travel responsibly and follow the State 6.

Fully vaccinated foreign nationals can travel to Yukon provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.
Traveler self-isolation required? | Travel restrictions?
---|---
**Northwest Territories** 12, 13, 14

- No self-isolation required for fully vaccinated travellers admitted into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and 14. Mandatory 8-day self-isolation for partially vaccinated admitted travellers with a COVID-19 test on day 8. Mandatory 10-day self-isolation for unvaccinated admitted travellers, including children under 12 and household members who did not travel, with a COVID-19 test on day 10. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories [website](#).

- No self-isolation upon entering the Northwest Territories for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements and who are admitted to enter the Northwest Territories. Unvaccinated children (and those travelling with them) will not be able to forgo the mandatory 10-day isolation requirement. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories [website](#).

- No isolation required for travellers admitted to enter Nunavut who are fully vaccinated and who have received an exemption after completing the [Traveller’s Declaration Form](#). Mandatory 14-day isolation for all other admitted travellers prior to boarding a plane to Nunavut except for those travelling directly from Nunavik, Quebec.

- Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife.

- Unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 14 days in Nunavut rather than at a government-designated site outside of the territory.

- No self-isolation upon entering Nunavut for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements and are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day self-isolation requirement.

**Nunavut** 15

- As of October 4, travel to and from Behchoko is restricted to fully vaccinated travellers who are not identified as contacts of, or share accommodations with, a person with COVID-19, with some exceptions.

- Leisure travel into the Northwest Territories by non-residents is currently not permitted. Exemptions are considered for compassionate reasons, family reunification, exceptional circumstances, travel from Nunavut, and remote tourism with tourism operators with plans approved by the Chief Public Health Officer.

- Fully vaccinated foreign nationals may be authorized to travel to the Northwest Territories only to participate in remote tourism with an approved remote tourism operator provided that they meet specific entry and testing requirements. Fully vaccinated foreign nationals must have an exemption from the Northwest Territories Chief Public Health Officer; exemption requests will be assessed on a case-by-case basis. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

- Entry into Nunavut requires authorization from the territory’s Chief Public Health Officer. Authorization may be granted for: residents, critical workers, those travelling within the Common Travel Area of Nunavik, Quebec, and non-residents entering for family reunification, exercising Aboriginal or treaty rights, or engaging in wilderness tourism with an operator that has an approved Wilderness Tourism Operator COVID-19 Operations Plan.

- Fully vaccinated foreign nationals may be authorized to travel to Nunavut provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.
Most Parks Canada places will be open and welcoming visitors with adjustments to access and services. Access to visitor facilities and services may be limited. Please consult the Parks Canada website for full list of specific Parks. Canada locations with special instructions: https://www.pc.gc.ca/en/voyage-travel/securite-safety/covid-19-info#locations

Most provinces and territories have implemented a framework to guide re-opening strategies catered to their individual circumstances. Since each province and territory is starting from a different baseline to implement the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of October 27, 2021. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

</tbody>
</table>

As of October 1, proof of full vaccination or a privately-paid-for negative COVID-19 test taken within 72 hours is required at point of entry for people aged 12 and older to access seated dining in restaurants, bars, nightclubs and other licensed establishments. This also includes fast food restaurants, liquor manufacturers conducting retail liquor sales and liquor stores that hold a liquor restaurant or tavern permit. Proof of vaccination will not be required for food pickup or at food courts. | As of October 18, proof of full vaccination or a privately-paid-for negative COVID-19 test taken within 72 hours is required to attend museums, and indoor facilities hosting ticketed sporting events. | | | |

**Saskatchewan**

| Saskatchewan in Step 3 of the Re-Opening Roadmap. As of October 1, proof of full vaccination or a privately-paid-for negative COVID-19 test taken within 72 hours is required for people aged 12 and older to access some businesses and events. See the list here. | Accommodations can resume regular operations. | As of October 18, proof of full vaccination or a privately-paid-for negative COVID-19 test taken within 72 hours is required to access non-essential businesses and events. Proof of vaccination will not be required for dine-in at food courts. | As of October 18, proof of full vaccination or a privately-paid-for negative COVID-19 test taken within 72 hours is required to access non-essential businesses and events. Proof of vaccination will not be required for dine-in at food courts. | As of October 5: There are no limits on indoor and outdoor gatherings at private residences for fully vaccinated people aged 12 and older as well as children under the age of 12. If any unvaccinated or partially vaccinated people are present, indoor gatherings at private residences are limited to members of the same household; outdoor gatherings can have up to 10 people. There are no limits on public indoor gatherings for fully vaccinated people aged 12 and older as well as children under the age of 12. If any unvaccinated or partially vaccinated people are present, indoor public gatherings can have up to 25 people or 25% capacity, whichever is lower. Outdoor public spaces, including fairs and festivals, can have up to 50 people unless higher attendance is approved by public health officials. |

**Manitoba**

| All regions in Manitoba are in the orange (restricted) response level. Masks are mandatory throughout Manitoba in indoor public spaces and on public transit for anyone aged 5 and older. | Accommodations are open with control/safety measures in place. | People aged 12 and older must show proof of vaccination for indoor and outdoor dining at all restaurants, bars and other licensed establishments. Proof of vaccination is required for dine-in at food courts. | All retail operations can resume regular operations. People aged 12 and older must show proof of vaccination to attend movie theatres, casinos, recreational facilities, indoor and outdoor ticketed sporting events, performing arts events and concerts. Children aged 11 and under will be able to attend events and activities with a fully immunized adult. Proof of vaccination is also required to attend museums and galleries. | | | | |

**Clark County, Nevada**

| | | | | |
### Ontario

Ontario is in Step 3 of the Roadmap to Reopen.

On October 22, Ontario released its “Plan to Safely Reopen Ontario and Manage COVID-19 for the Long Term.”

Proof of full vaccination (full series of doses + 14 days) plus proof of government-issued identification showing name and date of birth is required for people aged 12 and older to access indoor dining at restaurants and bars, and other food and drink establishments without dance facilities. It is also required for both indoor and outdoor areas of food or drink establishments with dance facilities, including nightclubs, roostubs and other similar establishments.

As of October 25, proof of full vaccination is also required for indoor events, services and businesses, including performances, concerts, cinemas, theatres, as well as select outdoor venues with a usual capacity of 20,000+ people.

### Quebec

Quebec residents aged 13 and older must show their vaccine passport to access meetings, conventions, exhibitions which require proof of vaccination, combined with identification.

Private indoor gatherings can have up to 10 people from different households or all occupants of 3 households. Private outdoor gatherings can have up to 20 people from different households or all occupants of 3 households. People who have received two doses of vaccine can gather in private homes without distancing measures or masks.

Organized activities in indoor public settings can have up to 25 people with physical distancing in place. Organized activities in outdoor public settings can have up to 50 people.

As of October 8, theatres, cinemas and theatres can operate at full capacity.

Quebec residents aged 13 and older must have up to 20 people from different households or all occupants of 3 households. People who have received two doses of vaccine can gather in private homes without distance measures or masks.

Organized activities in indoor public settings can have up to 25 people with physical distancing in place. Organized activities in outdoor public settings can have up to 50 people.

As of October 8, theatres, cinemas and theatres can operate at full capacity.

### Other Requirements

- All regions in Level 3 – Vigilance alert phase of Quebec’s regional alert system.
- A vaccine passport is required by Quebec residents aged 13 and older to access many events, services and businesses. See the full list here. People who reside outside Quebec must show printed proof of vaccination, combined with identification.
- Accommodations are open with control/safety measures in place.
- Overnight camping at campgrounds and campites, including in Ontario Parks, can operate. Other restrictions may apply.
- Accommodations are open with control/safety measures in place.
- All provinces and territories have similar restrictions.

### Current Phase/Stage

- Ontario: Step 3
- Quebec: Phase 3, Step 2

### Hotels & Accommodation

- Quebec residents aged 13 and older must show their vaccine passport to access many activities, including museums, zoos, aquaria, casinos and cinemas. See the full list here. People who reside outside Quebec must show printed proof of vaccination, combined with identification.

### Restaurants & Dining

- As of October 25: Amusement parks and waterparks that opt in to require proof of full vaccination can operate at maximum 50% capacity. Amusement parks and water parks that do not opt in can operate at maximum 50% capacity indoors and maximum 75% capacity outdoors, with other restrictions.

### Activities & Attractions

- Proof of full vaccination is also required for indoor events, services and businesses, including performances, concerts, cinemas, theatres, as well as select outdoor venues with a usual capacity of 20,000+ people.

Proof of full vaccination (full series of doses + 14 days) plus proof of government-issued identification showing name and date of birth is required for people aged 12 and older to access indoor sports events, racing venues, casinos, concerts, cinemas and theatres, as well as select outdoor venues with a usual capacity of 20,000+ people.

As of October 9, capacity limits are lifted to allow 100% capacity in concert venues, theatres, cinemas, spectator areas of sports facilities, plus horse racing and car racing tracks. These settings require full proof of vaccination to access.

Retail business can operate with 2-metre physical distancing in place.

As of October 25:

- Amusement parks and waterparks that opt in to require proof of full vaccination can operate at maximum capacity.
- Museums, galleries, aquariums, zoos, science centres, landmarks, historic sites, botanical gardens and similar attractions that opt in to require proof of full vaccination can operate at maximum capacity.
- Concerts, cinemas and theatres can operate at full capacity.
- Museums, galleries, aquariums, zoos, science centres, landmarks, historic sites, botanical gardens and similar attractions that opt in to require proof of full vaccination can operate at maximum capacity.
- Concerts, cinemas and theatres can operate at full capacity.
- Museums, galleries, aquariums, zoos, science centres, landmarks, historic sites, botanical gardens and similar attractions that opt in to require proof of full vaccination can operate at maximum capacity.
- Concerts, cinemas and theatres can operate at full capacity.

### Large Gatherings/Conferences

- Proof of full vaccination (full series of doses + 14 days) plus proof of government-issued identification showing name and date of birth is required for people aged 12 and older to attend indoor meeting and event spaces, such as banquet halls and conference/convention centres. Outdoor venues with a usual capacity of 20,000+ people will also require proof of full vaccination.

As of October 25, capacity limits have been lifted to allow 100% capacity at indoor and outdoor meeting and event spaces.

Indoor social and organized gatherings can have up to 25 people. Outdoor social and organized gatherings can have up to 100 people. Other restrictions may apply.

I. Travel-Related Measures: In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where relevant or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
