

COVID-19 Impact and Recovery Report: Travel-Related Measures

Updated: November 3, 2021

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

- Travel-Related Measures:** A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada’s website: <https://caen-keepexploring.canada.travel/covid-19-traveller-guidance>
- Methodological Notes:** An explanation of the methodologies in the different sections and relevant sources.

1. TRAVEL-RELATED MEASURES

As of October 30, travellers aged 12 years and older are required to show their [Canadian COVID-19 proof of vaccination](#) to depart from Canadian airports, on VIA Rail and Rocky Mountaineer trains, and on non-essential passenger vessels (e.g. cruise ships) on voyages of 24 hours or more departing from ports in Canada. To qualify as fully vaccinated, travellers must have received the full series of an accepted COVID-19 vaccine (or a full series of a combination of accepted vaccines), with the last dose at least 14 full days prior to the date of travel. For those in the process of being vaccinated, there will be a short transition period where they will be able to travel if they can show a valid COVID-19 molecular test within 72 hours of travel. As of November 30, all travellers aged 12 years and older must be fully vaccinated, with very limited exceptions. Please consult the Government of Canada website for the latest federal travel requirements: <https://travel.gc.ca/travel-covid>.

In addition to federal government travel requirements, individual provinces and territories have implemented measures on travel between provinces and territories. The table below outlines self-isolation requirements for domestic travellers entering into each province or territory, as well as restrictions on travel across provincial and territorial borders. Tracking these measures is challenging given the fluid nature of COVID-19. This information, collected by provincial and territorial tourism marketing authorities and relevant tourism departments, is current as of November 3, 2021.

Travel Measures

| | Traveller self-isolation required? | Travel restrictions? |
|---------------------------------|---|---|
| British Columbia 1, 2 | <p>No self-isolation or proof of vaccination for domestic travellers entering British Columbia.</p> <p>No self-isolation upon entering British Columbia for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering British Columbia, but must follow strict public health measures that include avoiding crowded settings.</p> | <p>No travel restrictions for domestic travellers entering British Columbia. Some Indigenous communities in BC are not welcoming visitors at this time. Indigenous Tourism BC has a list of Indigenous experiences in the province that are currently open and welcoming visitors.</p> <p>Non-essential travel to or from the Interior is discouraged until individuals are fully vaccinated.</p> <p>Fully vaccinated foreign nationals can travel to British Columbia provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |
| Alberta | <p>No self-isolation or proof of vaccination for domestic travellers entering Alberta.</p> <p>No self-isolation upon entering Alberta for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Alberta, but must follow strict public health measures that include avoiding crowded settings.</p> | <p>No travel restrictions for domestic travellers entering Alberta.</p> <p>Fully vaccinated foreign nationals can travel to Alberta provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |
| Saskatchewan | <p>No self-isolation or proof of vaccination for domestic travellers entering Saskatchewan.</p> <p>No self-isolation upon entering Saskatchewan for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Saskatchewan, but must follow strict public health measures that include avoiding crowded settings.</p> | <p>No travel restrictions for domestic travellers entering Saskatchewan.</p> <p>Fully vaccinated foreign nationals can travel to Saskatchewan provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |
| Manitoba ^{3, 4} | <p>No self-isolation upon entering Manitoba for fully vaccinated domestic travellers. Partially vaccinated or unvaccinated domestic travellers must complete a 14-day self-isolation. Unvaccinated children under 12 years of age of fully vaccinated domestic travellers are exempt from self-isolation.</p> <p>No self-isolation upon entering Manitoba for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Manitoba, but must follow strict public health measures that include avoiding crowded settings.</p> | <p>No travel restrictions for fully vaccinated domestic travellers entering Manitoba. Partially vaccinated or unvaccinated domestic travellers are required to self-isolate.</p> <p>Travel to and from northern Manitoba is restricted, with exceptions for those who are fully vaccinated, those who are travelling directly to cottages, provincial parks, campgrounds or hunting and fishing lodges, and other specific exceptions.</p> <p>Fully vaccinated foreign nationals can travel to Manitoba provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |
| Ontario | <p>No self-isolation or proof of vaccination required for domestic travellers entering Ontario.</p> <p>No self-isolation upon entering Ontario for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Ontario, but must follow strict public health measures that include avoiding crowded settings.</p> | <p>No travel restrictions for domestic travellers entering Ontario.</p> <p>Fully vaccinated foreign nationals can travel to Ontario provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |

Traveller self-isolation required?

Travel restrictions?

| | Traveller self-isolation required? | Travel restrictions? |
|--|--|---|
| <p>Quebec</p> | <p>No self-isolation or proof of vaccination required for domestic travellers entering Quebec.</p> <p>No self-isolation upon entering Quebec for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Quebec, but must follow strict public health measures that include avoiding crowded settings.</p> | <p>No travel restrictions for domestic travellers entering Quebec.</p> <p>Fully vaccinated foreign nationals can travel to Quebec provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |
| <p>New Brunswick 5, 6</p> | <p>No self isolation required for fully vaccinated domestic travellers entering New Brunswick. Unvaccinated or partially vaccinated domestic travellers, including New Brunswick residents, are required to self-isolate for 14 days, or until receiving a negative result from testing on day 10.</p> <p>No self-isolation upon entering New Brunswick for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering New Brunswick, but must follow strict public health measures that include avoiding crowded settings.</p> | <p>Travel to and from circuit breaker regions is restricted to those who must travel for essential reasons or to events where proof of full vaccination is required. The regions include: Zone 1 (Moncton region) as far north as and including Sainte-Anne-de-Kent; Zone 2 (Saint John region) New River Beach and Lepreau, north to the communities of Clarendon and Welsford, east to the community of Head of Millstream, and all communities in Saint John and Kings counties; the northern portion of Zone 3 from and including Deerville and Florenceville-Bristol, but excluding Hayesville and Parker Ridge; all of Zone 4 (Edmundston region); all of Zone 5 (Campbellton region).</p> <p>All Canadian residents entering New Brunswick, including New Brunswick residents re-entering the province, must pre-register, with restrictions for those who are not fully vaccinated or unvaccinated.</p> <p>Fully vaccinated foreign nationals can travel to New Brunswick provided that they meet specific entry and testing requirements and have pre-registered. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |
| <p>Nova Scotia 7, 8</p> | <p>Domestic travellers entering Nova Scotia from all provinces and territories must follow self-isolation protocol dependent on vaccination status: 2 doses at least 14 days before arrival = no self-isolation; 1 or 0 doses = 7-day self-isolation and 2 negative tests. Children under 12 travelling domestically are required to follow same isolation protocol as the least vaccinated adult they are traveling with.</p> <p>No self-isolation upon entering Nova Scotia for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Nova Scotia, but must follow strict public health measures that include avoiding crowded settings.</p> | <p>No travel restrictions for domestic travellers entering Nova Scotia from all provinces and territories, but they must complete the Safe Check-in Form and refer to the self-isolation protocol dependent on vaccine status.</p> <p>Fully vaccinated foreign nationals can travel to Nova Scotia provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |
| <p>Prince Edward Island 9</p> | <p>All travellers over the age of 8 entering Prince Edward Island, regardless of vaccination status, will be tested at point of entry.</p> <p>Fully vaccinated people aged 12 and older entering Prince Edward Island from any province or territory and who have a PEI Pass do not have to self-isolate but are asked to get tested at least once between day 4 and day 8 after arrival. All school-age children under 12 years of age are asked to get tested twice, on day 4 and on day 8.</p> <p>Unvaccinated or partially vaccinated PEI residents and Canadian visitors entering Prince Edward Island from any province or territory are required to complete a declaration form and self-isolate for 8 days, with testing at point of entry and on day 8.</p> <p>No self-isolation upon entering Prince Edward Island for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. All travellers, regardless of vaccination status, are asked to get tested at least once between day 4 and day 8 after arrival. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Prince Edward Island, but are asked to get tested twice, on day 4 and on day 8, and must follow strict public health measures that include avoiding crowded settings.</p> | <p>Residents of Prince Edward Island are advised to avoid non-essential out-of-province travel.</p> <p>All Canadian residents can travel to Prince Edward Island with restrictions for those who do not have a PEI Pass. A PEI Pass will only be issued to individuals who have received their second dose of an approved vaccine at least 14 days prior.</p> <p>Fully vaccinated foreign nationals who have a PEI Pass can travel to Prince Edward Island provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |
| <p>Newfoundland and Labrador 10</p> | <p>Fully vaccinated Canadian residents have no testing or self-isolation requirements. Unvaccinated children under the age of 12 travelling with fully vaccinated adults are not required to self-isolate.</p> <p>Partially vaccinated or unvaccinated travellers must self-isolate for 14 days, but can shorten this period by producing a negative test on day 7 or later after arrival. Mixed groups of vaccinated, partially vaccinated and/or unvaccinated adult travellers must follow the rules for unvaccinated travellers.</p> <p>No self-isolation upon entering Newfoundland and Labrador for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Newfoundland and Labrador, but must follow strict public health measures that include avoiding crowded settings.</p> | <p>All Canadians are permitted to enter Newfoundland and Labrador but must complete a paper copy of the Travel Form, which is available at all entry points.</p> <p>Note that the digital version of the Travel Form, and associated COVID-19 assessment tools and portals are temporarily unavailable.</p> <p>Fully vaccinated foreign nationals can travel to Newfoundland and Labrador provided that they meet specific entry and testing requirements and complete a paper copy of the Travel Form, which is available at all entry points. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |
| <p>Yukon 11</p> | <p>No self-isolation or proof of vaccination required for domestic travellers entering Yukon.</p> <p>No self-isolation upon entering Yukon for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Yukon, but must follow strict public health measures that include avoiding crowded settings.</p> <p>The Government of Canada has specific guidelines for driving to or from Alaska through Canada. Read the State of Alaska's health guidance for travellers during the COVID-19 pandemic.</p> | <p>No travel restrictions for domestic travellers entering Yukon. Several First Nations governments and communities currently have travel advisories in place. Travellers are asked to travel responsibly and follow the Safe 6.</p> <p>Fully vaccinated foreign nationals can travel to Yukon provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</p> |

Traveller self-isolation required?

Travel restrictions?

Northwest Territories ^{12, 13, 14}

No self-isolation required for fully vaccinated travellers admitted into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and 14. Mandatory 8-day self-isolation for partially vaccinated admitted travellers with a COVID-19 test on day 8. Mandatory 10-day self-isolation for unvaccinated admitted travellers, including children under 12 and household members who did not travel, with a COVID-19 test on day 10. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories [website](#).

No self-isolation upon entering the Northwest Territories for [fully vaccinated](#) foreign nationals provided that they meet specific [entry and testing requirements](#) and who are admitted to enter the Northwest Territories. Unvaccinated children (and those travelling with them) will not be able to forgo the mandatory 10-day isolation requirement. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories [website](#).

Travel to and from Behchoko is restricted to fully vaccinated travellers who are not identified as contacts of, or share accommodations with, a person with COVID-19, with some exceptions.

Leisure travel into the Northwest Territories by non-residents is currently not permitted. Exemptions are considered for compassionate reasons, family reunification, exceptional circumstances, travel from Nunavut, and remote tourism with tourism operators with plans approved by the Chief Public Health Officer.

[Fully vaccinated](#) foreign nationals may be authorized to travel to the Northwest Territories only to participate in remote tourism with an approved remote tourism operator provided that they meet specific [entry and testing requirements](#). Fully vaccinated foreign nationals must have an exemption from the Northwest Territories Chief Public Health Officer; exemption requests will be assessed on a case-by-case basis. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Nunavut ^{15, 16}

No isolation required for travellers admitted to enter Nunavut who are fully vaccinated and who have received an exemption after completing the [Traveller's Declaration Form](#). Mandatory 14-day isolation for all other admitted travellers prior to boarding a plane to Nunavut.

Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife.

Unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 14 days in Nunavut rather than at a government-designated site outside of the territory.

No self-isolation upon entering Nunavut for [fully vaccinated](#) foreign nationals provided that they meet specific [entry and testing requirements](#) and are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day self-isolation requirement.

As of October 29, Nunavut has suspended the Common Travel Area with Nunavik.

Entry into Nunavut requires authorization from the territory's Chief Public Health Officer. Authorization may be granted for: residents, critical workers, and non-residents entering for family reunification, exercising Aboriginal or treaty rights, or engaging in wilderness tourism with an operator that has an approved Wilderness Tourism Operator COVID-19 Operations Plan.

[Fully vaccinated](#) foreign nationals may be authorized to travel to Nunavut provided that they meet specific [entry and testing requirements](#). Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

Most Parks Canada places will be open and welcoming visitors with adjustments to access and services. Access to visitor facilities and services may be limited. Please consult the Parks Canada website for an updated list of specific Parks Canada locations with special instructions: <https://www.pc.gc.ca/en/voyage-travel/securite-safety/covid-19-info#locations>

Most provinces and territories have implemented a framework to guide re-opening strategies catered to their individual circumstances. Since each province and territory is starting from a different baseline to implement the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of November 3, 2021. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

Tourism Related Measures

| | Current Phase/Stage | Hotels & Accommodation | Restaurants & Dining | Activities & Attractions | Large Gatherings/ Conferences |
|--|--|--|--|---|---|
| British Columbia 17, 18, 19, 20, 21 | BC is in Step 3 of its 4-step Restart Plan . | <p>Northern Health region (except Terrace, Kitimat, Haida Gwaii, Prince Rupert, Stikine, Telegraph Creek, Snow Country and Nisga'a): As of October 15, people aged 12 and older must be fully vaccinated to attend indoor and outdoor personal gatherings at vacation rentals. 2. METHODOLOGICAL NOTES

I. Travel-Related Measures: In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where relevant or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
