COVID-19 Impact and Recovery Report: Travel-Related Measures

Updated: December 1, 2021

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

1. Travel-Related Measures: A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada’s website: https://caen-keepeexploring.canada.travel/covid-19-traveller-guidance

2. Methodological Notes: An explanation of the methodologies in the different sections and relevant sources.

1. TRAVEL-RELATED MEASURES

As of December 1, foreign nationals who have been in any of the countries listed here within the previous 14 days will not be permitted entry into Canada. In addition, in the coming days, all fully vaccinated travellers arriving by air from departure points other than the United States, including Canadian citizens and permanent residents, will be subject to arrival testing. Fully vaccinated travellers will be required to quarantine while they await the results of their arrival test.

As of November 30, travellers aged 12 years and older, with very limited exceptions, are required to show their Canadian COVID-19 proof of vaccination to depart from Canadian airports, on VIA Rail and Rocky Mountaineer trains, and on non-essential passenger vessels (e.g. cruise ships) on voyages of 24 hours or more departing from ports in Canada. To qualify as fully vaccinated, travellers must have received the full series of an accepted COVID-19 vaccine (or a full series of a combination of accepted vaccines), with the last dose at least 14 full days prior to the date of travel. Please consult the Government of Canada website for the latest federal travel requirements: https://travel.gc.ca/travel-covid.

In addition to federal government travel requirements, individual provinces and territories have implemented measures on travel between provinces and territories. The table below outlines self-isolation requirements for domestic travellers entering into each province or territory, as well as restrictions on travel across provincial and territorial borders. Tracking these measures is challenging given the fluid nature of COVID-19. This information, collected by provincial and territorial tourism marketing authorities and relevant tourism departments, is current as of December 1, 2021.

Travel Measures

<table>
<thead>
<tr>
<th>Traveller self-isolation required?</th>
<th>Travel restrictions?</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>British Columbia</strong></td>
<td>No self-isolation or proof of vaccination for domestic travellers entering British Columbia.</td>
</tr>
<tr>
<td>No self-isolation upon entering British Columbia for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering British Columbia, but must follow strict public health measures that include avoiding crowded settings.</td>
<td>As of November 17, an order restricting non-essential travel is in place along select areas of highways 1, 3, 7 and 99 due to severe damage from flooding and landslides. Non-essential vehicles are also limited to purchasing 30 litres of fuel per trip to the gas station in the Lower Mainland (Vancouver to Hope), Sea to Sky (Squamish to Pemberton), Sunshine Coast, Gulf Islands and Vancouver Island. See the complete travel and fuel restrictions here. No travel restrictions for domestic travellers entering British Columbia. Some Indigenous communities in BC are not welcoming visitors at this time. Indigenous Tourism BC has a list of Indigenous experiences in the provinces that are currently open and welcoming visitors. Fully vaccinated foreign nationals can travel to British Columbia provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</td>
</tr>
<tr>
<td><strong>Alberta</strong></td>
<td>No self-isolation or proof of vaccination for domestic travellers entering Alberta.</td>
</tr>
<tr>
<td>No self-isolation upon entering Alberta for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Alberta, but must follow strict public health measures that include avoiding crowded settings.</td>
<td>No travel restrictions for domestic travellers entering Alberta. Fully vaccinated foreign nationals can travel to Alberta provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</td>
</tr>
<tr>
<td><strong>Saskatchewan</strong></td>
<td>No self-isolation or proof of vaccination for domestic travellers entering Saskatchewan.</td>
</tr>
<tr>
<td>No self-isolation upon entering Saskatchewan for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Saskatchewan, but must follow strict public health measures that include avoiding crowded settings.</td>
<td>No travel restrictions for domestic travellers entering Saskatchewan. Fully vaccinated foreign nationals can travel to Saskatchewan provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</td>
</tr>
<tr>
<td><strong>Manitoba</strong></td>
<td>No self-isolation upon entering Manitoba for fully vaccinated domestic travellers. Partially vaccinated or unvaccinated domestic travellers must complete a 14-day self-isolation. Unvaccinated children under 12 years of age of fully vaccinated domestic travellers are exempt from self-isolation.</td>
</tr>
<tr>
<td>No self-isolation upon entering Manitoba for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Manitoba, but must follow strict public health measures that include avoiding crowded settings.</td>
<td>No travel restrictions for fully vaccinated domestic travellers entering Manitoba. Partially vaccinated or unvaccinated domestic travellers are required to self-isolate. Travel to and from northern Manitoba is restricted, with exceptions for those who are fully vaccinated, those who are travelling directly to cottages, provincial parks, campgrounds or hunting and fishing lodges, and other specific exceptions. Fully vaccinated foreign nationals can travel to Manitoba provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</td>
</tr>
</tbody>
</table>
No self-isolation or proof of vaccination required for domestic travellers entering Ontario.

No self-isolation upon entering Ontario for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Ontario, but must follow strict public health measures that include avoiding crowded settings.

No self-isolation or proof of vaccination required for domestic travellers entering Quebec.

No self-isolation upon entering Quebec for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Quebec, but must follow strict public health measures that include avoiding crowded settings.

No self-isolation required for fully vaccinated domestic travellers entering New Brunswick.

No self-isolation upon entering New Brunswick for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering New Brunswick. Second dose of COVID-19 vaccine must be given on day 7, followed by one dose of COVID-19 vaccine on day 14. Children under 12 years of age are more likely to get COVID-19. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering New Brunswick, but must follow strict public health measures that include avoiding crowded settings.

No self-isolation upon entering Nova Scotia for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Nova Scotia, but must follow strict public health measures that include avoiding crowded settings.

No self-isolation required for fully vaccinated domestic travellers entering Prince Edward Island.

No self-isolation upon entering Prince Edward Island for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Prince Edward Island, but must follow strict public health measures that include avoiding crowded settings.

All travellers over the age of 8 entering Prince Edward Island, regardless of vaccine status, will be tested at point of entry. As of December 8, all travellers arriving from an international destination, including the US, are required to be tested again on day 4 after arrival.

Fully vaccinated people aged 12 and older entering Prince Edward Island from any province or territory and who have a PEI Pass do not have to self-isolate, but are asked to get tested at least once between day 4 and day 8 after arrival. All school-age children under 12 years of age are asked to get tested twice, on day 4 and on day 8.

Unvaccinated or partially vaccinated PEI residents and Canadian visitors entering Prince Edward Island from any province or territory are required to complete a declaration form and self-isolate for 8 days, with testing at point of entry and on day 8.

No self-isolation upon entering Prince Edward Island for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Prince Edward Island, but must follow strict public health measures that include avoiding crowded settings.

Fully vaccinated Canadian residents have no testing or self-isolation requirements. Unvaccinated children under the age of 12 travelling with fully vaccinated adults are not required to self-isolate. As of November 30, the province’s definition of fully vaccinated has been updated to include specific allowing for people with vaccines not authorized by Health Canada or the World Health Organization (WHO) but these vaccines must be followed by one dose of a COVID-19 mRNA vaccine authorized by Health Canada at least 14 days before arrival in the province.

Partially vaccinated or unvaccinated travellers must self-isolate for 14 days, but can shorten this period by producing a negative test on day 7 or later after arrival. Mixed groups of vaccinated, partially vaccinated and/or unvaccinated adult travellers must follow the rules for unvaccinated travellers.

No self-isolation upon entering Newfoundland and Labrador for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Newfoundland and Labrador, but must follow strict public health measures that include avoiding crowded settings.

No self-isolation or proof of vaccination required for domestic travellers entering Yukon.

No self-isolation upon entering Yukon for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Yukon, but must follow strict public health measures that include avoiding crowded settings.

The Government of Canada has specific guidelines for driving to or from Alaska through Canada. Read the State of Alaska’s health guidance for travellers during the COVID-19 pandemic.

<table>
<thead>
<tr>
<th>Northwest Territories</th>
<th>Nunavut</th>
</tr>
</thead>
<tbody>
<tr>
<td>No self-isolation required for fully vaccinated travellers admitted into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and 14. Mandatory 8-day self-isolation for partially vaccinated admitted travellers with a COVID-19 test on day 8. Mandatory 10-day self-isolation for unvaccinated admitted travellers, including children under 12 and household members who did not travel, with a COVID-19 test on day 10. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories website.</td>
<td>No isolation required for travellers admitted to enter Nunavut who are fully vaccinated and who have received an exemption after completing the Traveller’s Declaration Form. Mandatory 14-day isolation for all other admitted travellers prior to boarding a plane to Nunavut except those travelling directly from Churchill, Manitoba. Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife. Unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 14 days in Nunavut rather than at a government-designated site outside of the territory. No self-isolation upon entering Nunavut for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements and are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day self-isolation requirement.</td>
</tr>
<tr>
<td>Leisure travel into the Northwest Territories by non-residents is currently not permitted. Exemptions are considered for compassionate reasons, family reunification, exceptional circumstances, travel from Nunavut, and remote tourism with tourism operators with plans approved by the Chief Public Health Officer. Fully vaccinated foreign nationals may be authorized to travel to the Northwest Territories only to participate in remote tourism with an approved remote tourism operator provided that they meet specific entry and testing requirements. Fully vaccinated foreign nationals must have an exemption from the Northwest Territories Chief Public Health Officer; exemption requests will be assessed on a case-by-case basis. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</td>
<td>As of November 15, Nunavut has reopened the Common Travel Area with Churchill, Manitoba. Entry into Nunavut requires authorization from the territory’s Chief Public Health Officer. Authorization may be granted for: residents, critical workers, those travelling within the Common Travel Area of Churchill, Manitoba, and non-residents entering for family reunification, exercising Aboriginal or treaty rights, or engaging in wilderness tourism with an operator that has an approved Wilderness Tourism Operator COVID-19 Operations Plan. Fully vaccinated foreign nationals may be authorized to travel to Nunavut provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</td>

Most Parks Canada places are open and welcoming visitors with adjustments to access and services. Please consult the Parks Canada website for an updated list of specific Parks Canada locations with special instructions: https://www.pc.gc.ca/en/voyage-travel/securesafety/covid-19-infolocations

Most provinces and territories have implemented a framework to guide reopening strategies catered to their individual circumstances. Since each province and territory is starting from a different baseline to implement the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of December 1, 2021. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

Accommodations can resume regular operations.

Proof of vaccination or a privately-paid for negative COVID-19 test taken within 72 hours is required at point of entry for people aged 12 and older to access seated dining in restaurants, bars, nightclubs and other licensed establishments. This also includes fast food restaurants, liquor manufacturers conducting retail liquor sales and liquor stores that hold a liquor restaurant or tavern permit.

Proof of vaccination will not be required for food pickup or at food courts.

Proof of full vaccination or a privately-paid for negative COVID-19 test taken within 72 hours is required at point of entry for people aged 12 and older to access cinema, theatre, museum and outdoor ticketed sporting events. People aged 12 and older must show proof of vaccination for indoor and outdoor gathering, including concerts, theatre, museums and outdoor ticketed sporting events. Children aged 11 and under will be able to attend events and activities with a fully immunized adult. Proof of vaccination is required for dine-in at food courts.
On October 22, Ontario released its "Plan to Safety Region Ontario and Manage COVID-19 for the Long-Term, Team".

Proof of vaccination (full series of doses + 14 days) and proof of government-issued identification showing name and date of birth is required for people aged 12 and older to access indoor dining at restaurants and bars, and other food and drink establishments without dance facilities. It is also required for both indoor and outdoor areas of food or drink establishments with dance facilities, including nightclubs, restoros and other similar establishments.

Accommodations are open with contact/safety measures in place. Indoor recreational facilities that are part of the operations can open with restrictions.

Overnight camping at campgrounds and campsites, including in Ontario Parks can operate.

Other restrictions may apply.

2. METHODOLOGICAL NOTES

I. Travel-Related Measures: In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where relevant or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
