### COVID-19 Impact and Recovery Report: Travel-Related Measures

Updated: December 8, 2021

This document provides an evergreen assessment of the situation in Canada. It has the following sections:

1. **Travel-Related Measures:** A summary of the travel and tourism-related measures in place in each province and territory. Current travel restrictions and self-isolation requirements are also available on Destination Canada's website: [https://travel.gc.ca/covid-19-traveller-guidance](https://travel.gc.ca/covid-19-traveller-guidance)

2. **Methodological Notes:** An explanation of the methodologies in the different sections and relevant sources.

#### 1. TRAVEL-RELATED MEASURES

As of December 1, foreign nationals who have been in any of the countries listed below within the previous 14 days will not be permitted entry into Canada. In addition, in the coming days, all fully vaccinated travellers arriving by air from departure points other than the United States, including Canadian citizens and permanent residents, will be subject to arrival testing. Fully vaccinated travellers will be required to quarantine while they await the results of their arrival test.

As of November 30, travellers aged 12 years and older, with very limited exceptions, are required to show their Canadian COVID-19 proof of vaccination to depart from Canadian airports, on VIA Rail and Rocky Mountaineer trains, and on non-essential passenger vessels (e.g. cruise ships) on voyages of 24 hours or more departing from ports in Canada. To qualify as fully vaccinated, travellers must have received the full series of an accepted COVID-19 vaccine (or a full series of a combination of accepted vaccines), with the last dose at least 14 full days prior to the date of travel. Please consult the Government of Canada website for the latest federal travel requirements: [https://travel.gc.ca/travel-covid](https://travel.gc.ca/travel-covid)

In addition to federal government travel requirements, individual provinces and territories have implemented measures on travel between provinces and territories. The table below outlines self-isolation requirements for domestic and foreign travellers entering into each province or territory, as well as restrictions on travel across provincial and territorial borders. Tracking these measures is challenging given the fluid nature of COVID-19. This information, collected by provincial and territorial tourism marketing authorities and relevant tourism departments, is current as of December 8, 2021.

### Travel Measures

<table>
<thead>
<tr>
<th>Traveller self-isolation required?</th>
<th>Travel restrictions?</th>
</tr>
</thead>
</table>
| **British Columbia**

1. No self-isolation for domestic travellers entering British Columbia.

2. No self-isolation upon entering British Columbia for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering British Columbia, but must follow strict public health measures that include avoiding crowded settings.

3. Fully vaccinated foreign nationals can travel to British Columbia provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

| **Alberta**

1. No self-isolation for domestic travellers entering Alberta.

2. No self-isolation upon entering Alberta for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Alberta, but must follow strict public health measures that include avoiding crowded settings.

3. Fully vaccinated foreign nationals can travel to Alberta provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

| **Saskatchewan**

1. No self-isolation for domestic travellers entering Saskatchewan.

2. No self-isolation upon entering Saskatchewan for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Saskatchewan, but must follow strict public health measures that include avoiding crowded settings.

3. Fully vaccinated foreign nationals can travel to Saskatchewan provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

| **Manitoba**

1. No self-isolation upon entering Manitoba for fully vaccinated domestic travellers. Partially vaccinated or unvaccinated domestic travellers must complete a 14-day self-isolation. Unvaccinated children under 12 years of age of fully vaccinated domestic travellers are exempt from self-isolation.

2. No self-isolation upon entering Manitoba for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements. Unvaccinated children under 12 years of age of fully vaccinated travellers are not required to quarantine upon entering Manitoba, but must follow strict public health measures that include avoiding crowded settings.

3. Fully vaccinated foreign nationals can travel to Manitoba provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.

---

All travellers over the age of 8 to get tested on days 5 and 10.

As of December 3, all people entering Nunavut who have travelled outside Canada are required to self-isolate for 10 days. People arriving from countries where Canada has imposed travel restrictions will not be allowed to observe their self-isolation in Nunavut.

As of December 3, all people entering Nunavut who have travelled outside Canada are required to self-isolate for 10 days. People arriving from countries where Canada has imposed travel restrictions will not be allowed to observe their self-isolation in Nunavut.

<table>
<thead>
<tr>
<th>Northwest Territories</th>
<th>Nunavut</th>
</tr>
</thead>
<tbody>
<tr>
<td>Traveler self-isolation required?</td>
<td>Travel restrictions?</td>
</tr>
<tr>
<td>No self-isolation required for fully vaccinated travellers admitted into the Northwest Territories (residents, non-resident essential workers or travellers with an exemption). Fully vaccinated travellers going to communities other than Yellowknife, Inuvik, Fort Smith, Hay River, Fort Simpson and Norman Wells require a COVID-19 test on days 1 and 14. Mandatory 8-day self-isolation for partially vaccinated admitted travellers with a COVID-19 test on day 8. Mandatory 10-day self-isolation for unvaccinated admitted travellers, including children under 12 and household members who did not travel, with a COVID-19 test on day 10. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories website. No self-isolation upon entering the Northwest Territories for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements and who are admitted to enter the Northwest Territories. Unvaccinated children (and those travelling with them) will not be able to forgo the mandatory 10-day isolation requirement. All travellers entering the Northwest Territories must file a self-isolation plan, regardless of vaccination status. To fill out a self-isolation plan and find further information about NWT travel restrictions, visit the Government of the Northwest Territories website.</td>
<td>Leisure travel into the Northwest Territories by non-residents is currently not permitted. Exemptions are considered for compassionate reasons, family reunification, exceptional circumstances, travel from Nunavut, and remote tourism with tourism operators with plans approved by the Chief Public Health Officer. Fully vaccinated foreign nationals may be authorized to travel to the Northwest Territories only to participate in remote tourism with an approved remote tourism operator provided that they meet specific entry and testing requirements. Fully vaccinated foreign nationals must have an exemption from the Northwest Territories Chief Public Health Officer; exemption requests will be assessed on a case-by-case basis. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</td>
</tr>
<tr>
<td>As of December 1, no isolation required for travellers returning to Nunavut who are fully vaccinated and who have a Nunavut proof of vaccination certificate. Mandatory 14-day isolation for all other admitted travellers prior to boarding a plane to Nunavut except those travelling directly from Churchill, Manitoba. Mandatory isolation must occur in government-designated sites in Edmonton, Winnipeg, Ottawa or Yellowknife. Unvaccinated children travelling with fully vaccinated parents or guardians can self-isolate for 14 days in Nunavut rather than at a government-designated site outside of the territory. No self-isolation upon entering Nunavut for fully vaccinated foreign nationals provided that they meet specific entry and testing requirements and are admitted to enter Nunavut. Unvaccinated children will not be able to forgo the mandatory 14-day self-isolation requirement.</td>
<td>As of November 15, Nunavut has reopened the Common Travel Area with Churchill, Manitoba. Entry into Nunavut requires authorization from the territory’s Chief Public Health Officer. Authorization may be granted for: residents, critical workers, those travelling within the Common Travel Area of Churchill, Manitoba, and non-residents entering for family reunification, exercising Aboriginal or treaty rights, or engaging in wilderness tourism with an operator that has an approved Wilderness Tourism Operator COVID-19 Operations Plan. Fully vaccinated foreign nationals may be authorized to travel to Nunavut provided that they meet specific entry and testing requirements. Entry will continue to be prohibited for foreign nationals who are not fully vaccinated.</td>
</tr>
</tbody>
</table>
Most Parks Canada places are open and welcoming visitors with adjustments to access and services. Please consult the Parks Canada website for an updated list of specific Parks Canada locations with special instructions: [https://www.pc.gc.ca/en/voyage-travel/secured-safety/covid-19-infolocations](https://www.pc.gc.ca/en/voyage-travel/secured-safety/covid-19-infolocations)

Most provinces and territories have implemented a framework to guide reopening strategies catered to their individual circumstances. Since each province and territory is starting from a different baseline, the details surrounding the reopening of their local economy, the phases and stages are not congruent across jurisdictions. The table below outlines the current status of restrictions on tourism-related sectors as of December 8, 2021. Unless noted, persons must gather and business must operate with sufficient social distancing measures in place. Many destinations require non-medical masks to be worn and all visitors should plan on having masks ready if needed.

</table>

Masks are mandatory in all indoor public spaces and on public transit.
Ontario is in Step 3 of the "Roadmap to Reopen Ontario," and Quebec is in Step 3 of the "Plan to Safely Reopen Quebec and Manage COVID-19 for the Long-Term."

Proof of vaccination (full series of doses + 14 days) and proof of government-issued identification showing name and date of birth is required for people aged 12 and older to access indoor public spaces, including restaurants, bars, and other food and drink establishments without dance facilities. It is also required for both indoor and outdoor areas of food or drink establishments with dance facilities, including nightclubs, restaurants, bars, and other food or drink establishments. Quebec residents aged 13 and older must show their vaccine passport to dine or drink indoors and outdoors at all restaurants, bars, brewpubs and taverns. People who reside outside Quebec must show printed proof of vaccination, combined with identification.

Proof of vaccination (full series of doses + 14 days) and proof of government-issued identification showing name and date of birth is required for people aged 12 and older to access indoor public spaces, including restaurants, bars, and other food and drink establishments without dance facilities. It is also required for both indoor and outdoor areas of food or drink establishments with dance facilities, including nightclubs, restaurants, bars, and other food or drink establishments.

All regions are in Level 4 – distance system. A vaccine passport is required for Quebec residents aged 13 and older to access many events, services and businesses. See the full list here. People who reside outside Quebec must show printed proof of vaccination, combined with identification. Masks are mandatory throughout Quebec in indoor public spaces and on public transit for people aged 10 and older.

Quebec residents aged 13 and older must show their vaccine passport to dine or drink indoors and outdoors at all restaurants, bars, brewpubs and taverns. People who reside outside Quebec must show printed proof of vaccination, combined with identification.

All restaurants, bars, brewpubs and taverns can resume normal operating hours and capacity, with the distance between tables reduced to 1 metre. Groups will also be allowed with no limits to the number of people per table.

As of November 15, patios are allowed to remain standing, to dance and to sing (e.g. karaoke is permitted). Quebec residents aged 13 and older must show their vaccine passport to access many activities and attractions, including museums, zoos, aquariums, casinos, cinemas and ski hills. See the full list here. People who reside outside Quebec must show printed proof of vaccination, combined with identification.

There are no capacity restrictions for retail stores. Most other businesses can operate with distancing measures in place. Cinemas, theatres and ski hills can operate at full capacity.

Quebec residents aged 13 and older must show their vaccine passport to access meetings, conventions, festivals and other events. See the full list here. People who reside outside Quebec must show printed proof of vaccination, combined with identification.

Private indoor gatherings can have up to 10 people from different households or all occupants of 3 households. Private outdoor gatherings can have up to 20 people from different households or all occupants of 3 households. People who have received two doses of vaccine can gather in private homes without distance measures or masks. As of December 23, private indoor gatherings can have up to 20 people. It is very strongly recommended that people be adequately vaccinated to take part in these gatherings.

Organized activities in indoor public settings can have up to 25 people with physical distancing in place. Organized activities in outdoor public settings can have up to 50 people. Auditoriums and stadiums with assigned seats can operate at full capacity. Meetings, conventions, shows and exhibitions which require vaccine passports can also operate at full capacity.

Proof of vaccination (full series of doses + 14 days) and proof of government-issued identification showing name and date of birth is required for people aged 12 and older to attend indoor meetings and event spaces, such as banquet halls and conference/convention centres. Outdoor venues with a usual capacity of 20,000+ people will also require proof of vaccination.

Capacity limits have been lifted at indoor and outdoor meeting and event spaces, subject to certain conditions. Capacity limits for outdoor organized public events have been lifted. Indoor social and organized gatherings can have up to 25 people. Outdoor social and organized gatherings can have up to 100 people. Other restrictions may apply.

Please source this document as “COVID-19 Impact and Recovery Report: Travel Related Measures, Updated: December 8, 2021, Destination Canada.”
Newfoundland and Labrador | 37, 38, 39

Proof of full vaccination via the NLVaxPass and valid ID will be required for people aged 12 and older to access certain businesses and settings. People aged 19 and older must present one photo ID or two pieces of non-photo ID (both must include their name and at least one must have their date of birth).

See a list here.

Masks are mandatory in indoor public spaces and on public transit throughout Newfoundland and Labrador for anyone aged 5 and older.

Accommodations are open with control/safety measures in place.

Campus is permitted to open for day use and overnight use subject to the Guidelines for Non-residential Territorial Restrictions.

All restaurants and licenced establishments can resume regular operations with the exception of self-serve buffets (prohibited) as long as physical distancing can be maintained.

Proof of vaccination will not be required for outdoor patio seating, take-out and drive-through.

The venues of indoor and outdoor gatherings can operate at maximum capacity without physical distancing between attendees while seated provided that: eating and drinking is not permitted in the venues; names and contact information of all individuals in attendance are collected and retained for 14 days; physical distancing of 2 metres between attendees is maintained in common areas; and the gathering is held by a recognized business or organization.

Informal private indoor gatherings can have the number of people who can fit into the space with physical distancing.

Gatherings where there is no eating or drinking:
The venues of indoor and outdoor gatherings can operate at maximum capacity without physical distancing between attendees while seated provided that: eating and drinking is not permitted in the venues; names and contact information of all individuals in attendance are collected and retained for 14 days; physical distancing of 2 metres between attendees is maintained in common areas; and the gathering is held by a recognized business or organization.

Yukon | 40, 41, 42

Yukon is guided by Forging Ahead: The Yukon's Continued Response to COVID-19.

Masks are mandatory throughout the Yukon for anyone aged 5 and older in all indoor public spaces and in certain settings where physical distancing cannot be maintained.

As of December 4, proof of full vaccination is required for people aged 12 and older to access designated settings.

Accommodations are open with control/safety measures in place.

As of November 13, proof of full vaccination is required for people aged 12 and older to access table service at restaurants and other licenced establishments, up to a maximum of 6 people per table. Seating cannot be seated; counter service, moving between tables and dancing are not allowed.

As of December 4:
Proof of full vaccination is required for people aged 12 and older to access designated settings.

Most businesses and enterprises are open and operating under the Health Protection Order, TRA recommended to check with a business, facility or tourism operator directly to confirm its status.

Cultural and sports events and venues can have maximum 50% capacity. Masks must be worn.

Outdoor organized gatherings have no capacity limits, but masks must be worn when physical distancing cannot be maintained.

As of December 4:
Proof of full vaccination is required for people aged 12 and older to access designated settings.

While there are no limits to indoor or outdoor personal gatherings, the Acting Chief Medical Officer of Health recommends indoor personal gatherings be limited to two households as a best practice.

Indoor organized gatherings, including conferences, can have maximum 50% capacity. Masks must be worn.

Outdoor organized gatherings have no capacity limits, but masks must be worn when physical distancing cannot be maintained.

Proof of full vaccination via the NLVaxPass and valid ID will be required for people aged 12 and older to attend any gathering hosted at a recognized business or organization, or other venue used to host gatherings. People aged 19 and older must present one photo ID or two pieces of non-photo ID (both must include their name and at least one must have their date of birth).

Proof of full vaccination via the NLVaxPass and valid ID will be required for people aged 12 and older to access cinemas, performance spaces, arenas and indoor entertainment facilities. People aged 19 and older must present one photo ID or two pieces of non-photo ID (both must include their name and at least one must have their date of birth).

People aged 19 and older must present one photo ID or two pieces of non-photo ID (both must include their name and at least one must have their date of birth).

As of December 4:
Proof of full vaccination is required for people aged 12 and older to access designated settings.

2. METHODOLOGICAL NOTES

I. Travel-Related Measures: In conjunction with provincial and territorial partners, Destination Canada has sourced information directly from provincial and territorial government websites; additional insights are provided by provincial and territorial partners where relevant or where information from official sources is incomplete. The intention for this section is to provide the latest available information as of the date of the report. Given the evolving nature of these measures and phased opening strategies, readers are encouraged to seek information from official government sources for the most current information.
