This document provides a summary of the situation across all provinces and territories.

Note: Due to changes in COVID-19 testing policies in many jurisdictions starting in late December 2021, case counts will under estimate the total burden of disease.

**Legend: Overall Assessment**

CODVID-19 Response: Rate of new weekly COVID-19 cases per 100,000 population

**Tentative International**

**Regularized International**

**Timeline of overall assessment for each province and territory**

  - IV Inter-Provincial
  - 93.3

- Saskatchewan
  - IV Inter-Provincial
  - n/a

- Manitoba
  - IV Inter-Provincial
  - 160.7

- Ontario
  - IV Inter-Provincial
  - 89.7

- Quebec
  - IV Inter-Provincial
  - 112.3

- New Brunswick
  - IV Inter-Provincial
  - 280.9

Please note: An increase in search and bookings does not imply that residents are non-compliant with any current health restrictions in place, rather that there is an increased interest in travel. Actual travel could take place in the near future or at a later date.
