Travellers around the world are telling us they want to explore and live a life that’s less ordinary. We’ve promised these travellers that our country is the place where they can fulfill this dream. Canada’s tourism operators are key to delivering on that promise.

The program

Destination Canada is Canada’s national tourism marketing organization. We promote Canada in 11 countries internationally, to increase the market potential of every tourism business in Canada, large and small.

Because it’s never been more important to stand out in the marketplace, Destination Canada and the 13 Provincial and Territorial Marketing Organizations (PMOs) are building a collection of Canadian Signature Experiences—travel experiences that will be used to show the world what Canada is all about. These experiences can deliver what priority consumers are seeking in a vacation destination.

Canadian Signature Experiences (CSEs) are saleable visitor experiences that respond to travellers’ desires to venture beyond the beaten tourist paths. CSEs dive deeper into Canada’s natural environment and/or authentic, local culture and connect travellers with places and people that enrich their lives. They engage visitors in a series of memorable travel activities, revealed over time, that are inherently personal, engage the senses and make connections on an emotional, physical, spiritual, intellectual or social level.

Tourism businesses that deliver these engaging experiences are being invited to apply to become part of this collection. Destination Canada and PMO marketing and sales teams will draw on this collection of Canadian Signature Experiences to capture the attention and imagination of consumers around the world, and to entice them to visit Canada now.

Program objectives

The Canadian Signature Experiences (CSE) program is a brand alignment and market development program with the following objectives:

- Align Canadian tourism operators with Destination Canada’s corporate strategy and tourism brand, and with the experiences travellers are seeking
- Create demand for Canada by highlighting export-ready travel experiences that meet target travellers’ interests as identified by Destination Canada’s Explorer Quotient (EQ) research
