### Key Insights

- Australians are expanding their travel interest outside of Western Canada. Based on agency reported air ticket data, arrivals to Ontario, Quebec, Atlantic Canada and Northern Canada expanded at an above average rate between 2012 and 2018.<sup>6</sup>
- The weaker purchasing power of the Australian Dollar in Canada in 2018 (-3% compared to 2017) may have contributed to subdued arrivals, particularly via the US. Overall economic weakness is expected to weigh on consumer confidence.<sup>4</sup>
- Although there were fewer arrivals from Australia via the US in 2018, direct air arrivals were still ahead of 2017 (+6%), in line with expanded air capacity (+12%) resulting from new direct Air Canada flights between Melbourne and Vancouver.<sup>1,3</sup>
