Statistics Canada advises caution when comparing 2019 data with earlier time periods for US arrivals via non-automobile modes of transportation due to methodology changes beginning in January 2019. Arrival figures are preliminary estimates and are subject to change.

For more information, visit www.destinationcanada.com

**Percentages shown are shifts compared to the same period in the previous year.**

*Destination Canada reports on overnight arrivals. Numbers may differ to those reported by Statistics Canada, which include same-day arrivals.
